## **Sociology As An Art Form:**

*Sociology as an Art Form (Ppr)* Robert Alexander Nisbet, This work aims to show that sociology is indeed an art form one that had strong kinship with literature painting Romantic history and philosophy in the 19th century the age in which sociology came into full stature    Sociology as an Art Form Robert A. Nisbet,2017 One of our most original social thinkers according to the New York Times Robert Nisbet offers a new approach to sociology He shows that sociology is indeed an art form one that has a strong kinship with literature painting Romantic history and philosophy in the nineteenth century the age in which sociology came into full stature Sociology as an Art Form is an introduction for the initiated and the uninitiated in so ciology Nisbet explains the degree to which sociology draws from the same creative impulses themes and styles rooted in history and actual modes of representa tion found in the arts He shows how the founding sociologists such as Marx Weber Durkheim and Simmel constructed portraits of the bourgeois the worker and the intellectual and landscapes of the masses the poor the factory system all reflecting and contribut ing to identical portraits and landscapes found in the literature and art of the period In addition to marking the similarities between sociologists and artists efforts to depict motion or movement Nisbet emphasizes the relation of sociology to the fin de siecle in art and literature with examples such as alienation anomie and degeneration He creates an elegant brilliantly reasoned appraisal of sociology s contribution to modern culture This book will be of interest to sociologists artists and anyone interested in how the fields relate to one another Provided by publisher

McIntyre,2022-09-10 This book provides an overview of some of the most important critics of Enlightenment rationalism The subjects of the volume including among others Pascal Vico Schmitt Weber Anscombe Scruton and Tolkien do not share a philosophical tradition as much as a skeptical disposition toward the notion common among modern thinkers that there is only one standard of rationality or reasonableness and that that one standard is or ought to be taken from the presuppositions methods and logic of the natural sciences The essays on each thinker are intended not merely to offer a commentary on that thinker but also to place the person in the context of this larger stream of anti rationalist thought
