The Void A. H. Brilliancy A. H. Almaas, 2006-05-09 Intelligence is one of the defining characteristics of human beings an inherent ability to respond to the world with awareness knowledge learning and insight Most considerations of human intelligence are based on the notion that intelligence is a product of brain functioning A H Almaas introduces here a radically different viewpoint one that recognizes an actual quality of consciousness as the source of intelligence He calls this source the Brilliancy of our true nature The presentation of his understanding of intelligence is followed by in depth dialogues with his students on the various barriers to recognizing and embodying this essential quality In particular an unresolved relationship with one's father is found to shape the experience of Brilliancy Using a Socratic method that draws upon techniques of body centered Gestalt psychodynamic and cognitive psychologies Almaas helps participants work through their defenses and conflicts surrounding this issue and then diverging from psychotherapeutic practice guides them in discovering their own Brilliancy

The Point of Existence A. H. Almaas, 2000-09-05 The founder of the Diamond Approach to Self Realization examines narcissism through a spiritual lens presenting it as our greatest barrier to understanding our truest self In this book the author explores the underlying spiritual understanding of narcissism He presents a detailed map of the steps involved in working through barriers that prevent us from recognizing the most essential nature of our true identity Almaas is one of the most significant voices for a new and remarkably integrated spiritual vision His work connects the personal the universal the psychological and the spiritual not as pieces put together but as the inseparable mandala of the sacred that we are I respect his work to the highest degree and commend it to anyone interested in living the life of the spirit Jack Kornfield Ph D author of After the Ecstasy the Laundry

Diamond Heart: Inexhaustible Mystery A. H. Almaas, 2011-07-12 The final volume in A H Almaas masterwork on the contemporary spiritual path known as the Diamond Approach From one perspective we can see ourselves merely as human

beings struggling in a crowded and chaotic world of suffering Inexhaustible Mystery opens our eyes to a different reality one that turns our familiar world inside out We need only explore with curiosity and love our true potential as human beings in order to discover infinite depth and creativity in our lives as we act and interact in the world When time and space expand their meaning we come to know ourselves as having infinite dimensions of being and qualities of spirit and uncover new mysteries about ourselves one another and the reality we live in This is the last of the five volume Diamond Heart series of transcribed and edited talks given by A H Almaas to inner work groups in California and Colorado **The Journal of Transpersonal Psychology** ,2004 Changing Minds Guy Newland,2001 This is a book offered in tribute to Jeffrey Hopkins by colleagues and former students **The Publishers Weekly** ,1996 American Book Publishing Record ,2000-07 **Bibliographic Guide to Psychology** New York Public Library.
