

A close-up, high-contrast photograph of a vampire's mouth. The top and bottom lips are visible, coated in a thick, glossy layer of bright red blood. Two sharp, white, pointed fangs protrude from the center of the mouth. The background is a solid, deep black, which makes the red blood and white teeth stand out prominently.

*Vampires in Their Own Words* Michelle Belanger, 2011-01-08 There is no book available on the vampire culture today with the range depth and diversity of Belanger's *Vampires in Their Own Words* Katherine Ramsland author of *Piercing the Darkness* and *The Science of Vampires* Belanger gives empathetic access to an emergent new magical religious community An important sourcebook for both the scholar and inquiring public J Gordon Melton Director Institute for the Study of American Religion and author of *The Vampire Book The Encyclopedia of the Undead* *The Code of Silence Has Been Broken* For this anthology vampire Michelle Belanger convinced nearly two dozen real life vampires to break the code of silence that has kept their fascinating subculture shrouded in secrecy Sometimes provocative sometimes surprisingly down to earth these candid firsthand accounts come from both psi vampires who feed on energy and sanguine vampires who drink actual blood Their true stories shed light on a variety of topics including awakening to vampirism the compulsion to feed and feeding practices donor ethics and etiquette and vampire traditions and codes of behavior **Handbook of Hyper-real Religions**
