**Practices of Abstract Art** Wiebke Gronemeyer, Isabel Wünsche, 2016-12-14 Recent decades have seen a renewed interest in the phenomenon of abstract art particularly regarding its ability to speak to the political social and cultural conditions of our times This collection of essays which looks at historical examples of artistic practice from the early pioneers of abstraction to late modernism investigates the ambivalent role that abstraction has played in the visual arts and cultures of the last hundred years In addition it explores various theoretical and critical narratives that seek to articulate new perspectives on its legacy in the visual arts From metaphysical considerations and philosophical reflections to debates on

interculturality and global perspectives the contributors examine and reconsider abstraction in the visual arts from a contemporary point of view that acknowledges the many social economic cultural and political aspects of artistic practice As such the volume progressively expands the boundaries of thinking about abstract art by engaging it in its increasingly diverse cultural environment **Federal Register** ,2013-08 *Federal Register Index* ,2010 Vasily Kandinsky. 1866-1944 Solomon R. *Kandinsky* Wassily Kandinsky, 2015-07-13 Wassily Kandinsky 1866 1944 was a Russian painter credited as being among the first to truly venture into abstract art He persisted in expressing his internal world of abstraction despite negative criticism from his peers He veered away from painting that could be viewed as representational in order to express his emotions leading to his unique use of colour and form Although his works received heavy censure at the time in later years they would become greatly influential
