Vastu Architecture Design Theory And Application For Everyday Life:

Vastu Architecture Michael Borden, 2011-09-16 This book about the science of Vastu was written as a simple and clear yet detailed exposition on the knowledge and basic technical applications for the design of secular Vastu buildings such as homes and offices Vastu Architecture provides the reader with a nuts and bolts explanation of how to create a solid structure that is in resonance with Earth Cosmic and Divine energies Being a fully illustrated book with around 100 simple clear and easy to interpret drawings the book is very accessible to a general audience and does not require any background knowledge in architectural design Also included are two complete floor plans that can be tailored for specific individuals in accordance with their birth stars Many other books about Vastu do not include an explanation of the technical knowledge of Vastu science and if they do they often present only a partial or an altogether incorrect account thereof This is not the case with Vastu Architecture as its technically rich yet layman accessible knowledge base provides the reader with all of the basic requirements to create a Vastu structure including a very clear chapter on how to use the Ayadi Calculations to get the Sacred Dimensions of a building This is not however a coffee table book it is rather a manual for the construction of special havens for the soul Also see the supplemental book in this series Vastu Architecture Project Plans and Illustrations Vol 1 by the same author

Vastu Architecture Michael Borden, Vastu Architecture Project Plans and Illustrations Volume 1 this book is a supplement to Mr Borden's first book on Vastu design protocols Vastu Architecture Design Theory and Application for Everyday Life This Illustrations book has 80 residential Vastu projects included The purpose of the book is to illustrate the variety of designs that can be achieved while still following the Vastu design protocols Projects range from small mini homes and yoga studios to very large complex mansions some of which include commercial spaces These plans can be used as a starting point for designing your own Vastu project The plans come from Mr Borden's 25 years of designing Vastu residences in conjunction with local architectural professionals worldwide They are suitable and adaptable for most regions of the world and can be modified as needed with the help of design consultation by Mr Borden to fulfill the specific needs of your project This book with the Design Theory book mentioned above constitutes an excellent library for anyone wanting to learn about the principles of India's Sacred Architecture Tradition Vastu Mr Borden's knowledge is based on his many years of research and study with one of India's most renowned and accomplished Vastu experts Dr V Ganapati Sthapati of Mahabalipuram Tamil Nadu

The Living Elements of Healthy Building Design Janus Welton Aia Bbei Architect, 2007-06-14 Based on 15 years of wide ranging study THE LIVING ELEMENTS OF HEALTHY BUILDING DESIGN is the first in a series of guidebooks that accompany workshops of the same name to educate and clarify the impact of current building practices and materials on the indoor environment and human health in a form accessible to laypersons and professionals alike from homeowner to non technical designer To simplify and substantiate this wealth of information the author organizes the material through the lens of the Living Elements Earth Metal Water Wood Air and Fire emphasizing the interrelationship between human life the earth

and the cosmos This reference and its companion volumes soon to be published supports the concept of Conscious Architecture an innovative and integrated model of architecture and design that inspires harmonious structures where natural elements purposefully intermingle with form color light and sound to create holistic and healthy buildings that contain and reflect the wholeness of nature and its expression in the human spirit **Domestic Mandala** John Gray, 2017-03-02 A rich and fascinating ethnography of domestic architecture and activities among the high caste Chhetris of Kholagaun in Nepal this book focuses on the spatial organization everyday activities and ritual performances that generate and display Chhetri houses as mandalas sacred diagrams that are both maps of the cosmos and machines for revelation Describing the orientation and layout of the Chhetri house and surrounding compound it shows how the orientation and distribution of everyday social activities with the domestic mandala shape people s experience of the enigmas of their lifeworld as householders and analyses the double significance of rituals that take place in the domestic mandala By treating the Nepali house as more than just the background of people s everyday life the author reveals the Chhetri everyday lifeworld as a revelation of Hindu tantric cosmology its enigmatic illusion and the path to liberation from it The themes addressed in the book make a unique contribution to the fields of anthropology architecture and human geography

Forthcoming Books Rose Arny, 2002 **The Scope of Architectural Theory** Jon Lang, 2025-06-03 This book comprehensively lays out the knowledge base required for architectural practice and education at a time when artificial intelligence AI algorithms are shaping the way architects think Architects with a desire to retain their creative role in the design of buildings and urban spaces must understand and articulate the theoretical bases of their work and what it can achieve This book provides a clear structure and outline of both the functional and procedural theoretical base for architects to employ in their work It offers an intellectually rigorous basis that allows architects to understand the evolution of architecture through history as well as the advocacies of individual architects It provides them with the scope of architectural theory necessary for designing for the future The book can be a valuable reference for researchers and professionals interested in architectural theory and allied fields

Books In Print 2004-2005 Ed Bowker Staff, Staff Bowker, Ed, 2004 Vastu Science For 21st Century Dr. B. B. Puri, 2008-01-01 Vastu Shastra is not merely an art but a definite science in itself This book has made an excellent effort to establish this fact The book attempts to highlight the principles of Vastu science and its application in designing of the built environment to enhance the quality of life This science is still relevant and effective in the modern life changing styles of Architecture with the universal application of its principles The author has tried to justify that Vastu principles are much in need in the 21st century in view of rapid advancements man is making in other fields without compensating on ecology front which forms the basis of Vastu In the end an attempt has been made to give a compound solution to the problem of Vastu based planning

Indian Architectural Theory Vibhuti Chakrabarti, 1998 In this ground breaking study the traditional Indian science of architecture and house building Vastu Vidya is explored in terms of its secular uses at the levels of both theory and contemporary practice Vastu Vidya is treated as constituting a coherent and complete architectural programme still of great relevance today Chakrabarti draws on an impressive amount of textual material much of it only available in Sanskrit and presents several extremely valuable illustrations in support of the theories expounded Each chapter deals with one architectural aspect and chapters are divided

into three sections For each aspect the first section explains the prescriptions of the traditional texts the second section deals with the rather arbitrary use of that aspect by contemporary Indian architects trained in the western manner but striving to relate to Indian roots while the last section in each chapter explores the selected use of that particular aspect by contemporary Vastu pundits with their disregard for architectural idiom Applied Vastu Shastra in Modern Architecture B. B. Puri,1997 *Vastu* Sherri Silverman,2007 *Vastu* is a beautifully detailed guide to using ancient Indian philosophies in every room Following India s Vedic tradition Vastu helps guide people to prosperity and tranquility in life by aligning architectural spaces with the natural world Included is an informative discussion on the definition origin and sacred foundations of Vastu along with Vastu s use of concentric squares and the elements earth water fire and air in design Author Sheri Silverman also discusses the power of meditation organizing and clearing clutter aromatherapy and sacred space Vastu offers solutions for those building renovating or just looking to improve the energy and atmosphere in an existing living space

Principles and Applications of Vastu Shastra Bangalore Niranjana Babu,2020-08-28 The science of Vastu or Indian Architecture was developed thousands of years ago and continues to be used in home and building design today The Principles of Vastu explains the need to achieve harmony and balance between the place where one lives or works and the forces of Nature This insightful introduction to Vastu shares traditional methods for selecting building sites and layouts to work with the cardinal directions of the Earth and align with its positive influences Readers will learn how to create beneficial relationships between the spaces we inhabit and the complex energies that surround us **Principles of Vastu Planning** Maharishi Vastu,Roger Audet,2013-12-23 This book describes the measurement system used in Maharishi Sthapatya Veda in terms of Group theory The Vastu measurement system is based on the square and its eight levels of symmetry Using the concepts of modern Group theory deep principles at the basis of the measurement system are illustrated in a new light and explain the original significance of the Vedic measurement system Measurement based on Vedic dimensions is an essential part of Vedic City Planning since all architecture requires precise dimensions Principles of Vastu Planning explains the origin of this Vedic measurement system The second part of the book explains country planning according to natural law in a way which is most practical and beneficial for its people as introduced by world renowned sage Maharishi Mahesh Yogi Country planning in accordance with natural law outlines the concept of a global grid based on latitudes and longitudes which is the basis of Vastu planning at every scale housing village town province and whole country The smallest scale of planning eventually comes down to a square the size of a house where the convergence of longitudes can be ignored This significance of the square is explained in the first part of the book **Indian Architectural Theory and Practice** Vibhuti Chakrabarti,2013-01-11 In this ground breaking study the traditional Indian science of architecture and house building Vastu Vidya is explored in terms of its secular uses at the levels of both theory and contemporary practice Vastu Vidya is treated as constituting a coherent and complete architectural programme still of great relevance today
