## **Values Based Interprofessional Collaborative Practice Working Together In Health Care Values Based Practice:**

**Values-Based Interprofessional Collaborative Practice** Jill E. Thistlethwaite, 2012-09-13 The provision of care within the context of the modern health service environment involves a wide range of professionals The health care team might include general practitioners nurses midwives hospital doctors physiotherapists other allied health professionals as well as receptionists and practice managers To optimise delivery of care at both individual and population levels team members must work collaboratively with colleagues in their own profession and others This book in the Values Based Medicine series adds the dimension of values to the more usual discussions of teamwork considering interactions between health care professionals and how these might be affected by differences in professional and personal values Examples of scenarios based on real life experience promote learning and reflection Anybody working or training in health care and who aspires to collaborate successfully with their colleagues in other specialties will find this book extremely valuable as will educators who facilitate learners in teamwork

**Values-Based Interprofessional Collaborative Practice** Professor Jill E Thistlethwaite, 2014-05-14 Discusses values from the perspective of different health care professionals and why teams and collaborations may succeed or fail

**Values-based Interprofessional Collaborative Practice** Jill Thistlethwaite, 2012 The provision of care within the context of the modern health service environment involves a wide range of professionals The health care team might include general practitioners nurses midwives hospital doctors physiotherapists other allied health professionals as well as receptionists and practice managers To optimise delivery of care at both individual and population levels team members must work collaboratively with colleagues in their own profession and others This book in the Values Based Medicine series adds the dimension of values to the more usual discussions of teamwork considering interactions between health care professionals and how these might be affected by differences in professional and personal values Examples of scenarios based on real life experience promote learning and reflection Anybody working or training in health care and who aspires to collaborate successfully with their colleagues in other specialties will find this book extremely valuable as will educators who facilitate learners in teamwork

Values-Based Interprofessional Collaborative Practice Jill Thistlethwaite, 2012-09-13 Discusses values from the perspective of different health care professionals and why teams and collaborations may succeed or fail

Leadership and Collaboration D. Forman, M. Jones, J. Thistlethwaite, 2015-05-24 Leadership and Collaboration provides international examples of how leadership of interprofessional education and practice has developed in various countries and examines how interprofessional education and collaborative practice can make a difference to the care of the patient client and community

**Communicating Quality and Safety in Health Care** Rick Iedema, Donella Piper, Marie Manidis, 2015-08-11 In response to the growing emphasis on clinicians capacity to practise effective communication Communicating Quality and Safety in Health Care provides real time communication scenarios and interprofessional case studies The book engages healthcare trainees from across medicine nursing and allied health services

in a comprehensive and probing discussion of the communication demands that confront today's healthcare teams. This book explains the role of communication in mental health, emergency medicine, intensive care, and a wide range of other health service and community care contexts. It emphasises the ways in which patients and clinicians communicate and how clinicians communicate with one another. The case studies explain why and how communication is critical to good care and healing. Each chapter analyses real-life practice situations, encourages the learner to ask probing questions about these situations, and sets out the principal components and strategies of good communication.

### **Foundations of Adult Nursing**

Dianne Burns, 2023-11-29. Covering the issues, themes, and principles that explain what it means to be a nurse today, this book provides the theory you need to know and applies it to the diverse patient groups and settings that you will encounter on your placements. Key features of the book are: Introduces the core aspects of adult nursing; An evidence-based approach with discussion of literature, policy, and research, and suggested further reading for every chapter; Over 30 case scenarios to help you understand the realities of practice across a range of settings, including primary care and the community; Activity boxes which challenge assumptions and encourage reflection. The book has been closely developed in line with the latest NMC Standards and Essential Skills Clusters and supports you across your entire degree programme as you develop into nurses of the future, ready to deliver and lead care.

*Care of the Person with Dementia* Dawn Forman, Dimity Pond, 2015-09-15. This text responds to the urgent need for health practitioners to take an innovative approach to the challenge of dementia.

*Foundations of Interprofessional Collaborative Practice in Health Care* Margaret Slusser, Luis I. Garcia, Carole-Rae Reed, Patricia Quinn McGinnis, 2018-07-11. Health care is a team effort, so why keep training for solo sprints? Introducing *Foundations of Interprofessional Collaborative Practice in Health Care*, a unique new textbook that will equip you to become an effective member of interprofessional healthcare teams. This completely new textbook is the first on the market to introduce the Interprofessional Education Collaborative (IPEC) 2011/2016 Core Competencies for Interprofessional Collaborative Practice and to provide practice in applying these competencies to everyday practice. Expertly written by an interprofessional team for a wide variety of health professions students, this textbook provides a solid foundation in the four Core Competencies: Values and Ethics for Interprofessional Practice; Roles and Responsibilities; Interprofessional Communication; and Teams and Teamwork. It then elaborates each Core Competency by defining and describing each Sub-Competency. With a variety of interactive Case Studies, Caselets, and Exemplar Case Studies, it then illustrates the contributions and interconnectedness of each provider's role to demonstrate how Core Competencies would be applied and put into action for improved patient outcomes. UNIQUE: Three-part units each addressing one of the four IPEC Core Competencies to help you to understand the core competencies and learn how to apply them in your own profession. UNIQUE: Detailed explorations of each Sub-Competency for all four IPEC Core Competencies thoroughly present the essential elements of each Core Competency for deep understanding of how to collaborate with other professions. UNIQUE: Case

Studies Caselets and Exemplar Case Studies illustrate each competency and provide opportunities for you to apply your understanding of the material A variety of Active Learning activities driven by core content are integrated into each chapter UNIQUE Global Perspectives boxes and additional international resources highlight the important work being done internationally in interprofessional education and interprofessional collaborative practice Research Highlights help you to understand the reasoning and knowledge behind the Core Competencies Learning Outcomes and Key Points outline and review the main takeaways from each chapter

*Understanding Teamwork in Health Care* Gordon Mosser, James W. Begun, 2014 Publisher's Note Products purchased from Third Party sellers are not guaranteed by the publisher for quality authenticity or access to any online entitlements included with the product The experts agree *Understanding Teamwork in Health Care* is a true must read A Doody's Core Title for 2017 This is a much needed addition to the training curriculum of anyone involved in the healthcare industry James Townsend DHSc MBA MIS A T Still University and Doody's Review Service Our health care can be magnificently effective but without constant coordination and cooperation its technologies and specialization can be the front doors to confusing complexity and risky fragmentation Better teamwork improves every aspect of the Institute for Healthcare Improvement's Triple Aim patients experience of health care the health of our populations and the cost of providing care In this book Dr Mosser and Professor Begun have given us a superb guide for better teamwork Their account is based on sound evidence and compelling concepts but it is also eminently practical Nearly 100 stories of teamwork mostly exemplary sometimes cautionary illustrate what it means for patients physicians nurses pharmacists and others to work together in effective harmony Donald M Berwick MD MPP President Emeritus and Senior Fellow Institute for Healthcare Improvement Best health outcomes are often the result of an extremely competent completely connected team of caregivers working with an empowered patient who is the absolute central focus and sometimes the team quarterback Drs Mosser and Begun grasp the critical importance of healthcare team members working as equals despite titles or disciplines of practice This is an engaging enlightening entertaining must read for clinicians currently working in the field of health care those considering the profession people teaching potential caregivers and anyone interested in the future of how we can deliver best health care at lowest cost through cohesive teams George C Halvorson Chairman and CEO Kaiser Permanente Dr Mosser and Dr Begun blend clinical vignettes and science in a highly readable book to help us understand the importance and diversity of health care teams The authors' conceptual frameworks are intellectually compelling and their vignettes capture those concepts in action Members of every type of health care team will find this book to be a valuable resource Read the first three chapters You won't be able to resist the pleasure of reading the rest of the book Linda Cronenwett PhD RN FAAN Professor and Dean Emeritus School of Nursing University of North Carolina at Chapel Hill The team based models developing in progressive health care call for a comprehensive and insightful guidebook *Understanding Teamwork in Health Care* meets this need It provides pharmacists and other health care professionals with the foundational knowledge

necessary to be members of effective clinical teams Joseph DiPiro Pharm D Professor and Executive Dean South Carolina College of Pharmacy This important guide focuses on the core skills necessary to effectively implement teamwork in a complex hospital or primary care setting The book's mission is to make often overlooked perspectives about teamwork more widely known and used No matter what your prior level of team involvement may be this is the one resource that will help you adeptly participate in lead or manage teams Unlike other texts that rely heavily on theory and healthcare policy this indispensable reference offers a realistic practical look at the challenges and many opportunities
