Pentecostals and Roman Catholics on Becoming a Christian Karen Murphy, 2018-05-23 In Pentecostals and Roman Catholics on Becoming a Christian Dr Karen Murphy explores the fifth round of the International Roman Catholic Pentecostal Dialogue 1998 2006 Discussing Spirit baptism faith conversion experience and discipleship Dr Murphy notes areas in which the Dialogue has evolved since its inception in 1972 She unpacks the commonalities that bond Catholics and Pentecostals and examines theological divergences and challenges to dialogue While Catholics approach becoming a Christian from a sacramental perspective most Pentecostals think of Christian initiation in non sacramental or conversionist terms a reality that fosters ongoing tensions between the two traditions Dr Murphy reveals how Catholics and Pentecostals seek to overcome this dichotomy by honoring spirituality and experience as integral to the ecumenical encounter Vatican Council II Austin Flannery, 1983-06 Revised to a new larger size Volume I includes the 16 original constitutions and decrees and 49 documents issued after the close of the Council Volume II contains 56 additional documents *WHEN--Questions for Catholicism* Michael J. Tkacik, 2022-07-01 Jesus calls the church to be a sacrament to the world Sadly many women LGBTQ persons people of other faiths and lay persons experience suffering due to certain words and actions of the Catholic Church At times the language and practices of the church leave some people feeling as if their voices have been silenced their roles limited and their vocations impeded Some often feel underappreciated and disrespected This work explores a vision for the future church which faces these challenges and illuminates possible solutions Every person has gifts given by God for the building up of the church Through a thorough exploration of biblical and church teachings alternative views of these issues provide a path to inclusion for all This book is intended to bring comfort hope and healing to those who have been marginalized It also offers a map for the church as it journeys to be more of what Christ calls it to be In a manner faithful to the gospel reforms for the church are considered that open it to what the Spirit might be saying When is the time for all persons to be valued welcomed empowered and respected Now *Prisms of Faith* Robert E. Alvis, Ryan LaMothe, 2015-12-17 In *Prisms of Faith* a diverse and distinguished group of scholars approach the theme of religious education and Catholic identity from their respective disciplinary perspectives offering compelling insights of interest to scholars catechists and the general reader alike The first three chapters are more historical in nature offering targeted studies that focus on the Apostolic Fathers as a resource in the formation of faithful Catholics the preaching of St Augustine and religious education in modern Poland The last four chapters have a more contemporary focus approaching current initiatives and challenges in the formation of faithful Catholics Issues under consideration include the rights and obligations enshrined in the 1983 Code of Canon Law the catechetical dimension of liturgy current obstacles and opportunities in the moral formation of Catholics and

a comparative analysis of three dominant approaches to Catholic religious education Taken together these seven chapters form a coherent whole illustrating well the perennial importance of Catholic religious education the various resources and methods employed in this work and the stubborn challenges that effective formation entails **Poverty and the Church in Igboland, Nigeria** Anthony Okwudili Achunonu, 2012 The main objective of this book is to re evaluate the true meaning of the term poverty in the world as a whole and in Nigeria in particular From a sociological point of view poverty is the natural consequence of economic inequity amongst social groups a type of inequity often generated by the inability of the political class to provide and maintain basic amenities in the society This book highlights so many complex reasons that are responsible for this type of inability prominent amongst them being mismanagement of funds in most political setups Our investigation from this book shows that there s a great difference between the various forms of poverty in western countries and in other countries of the world Poverty may be caused by individual social cultural ethical and moral issues These various causes of poverty are often correlated In Nigeria poverty is mainly caused by lack of moral sensitivities amongst political leaders and by lack of initiatives for cultural social and economic empowerment of the less privileged Most striking is the fact that there is no basic well established governmental structure meant to assist those who languish in poverty This book discusses the real life situation of those who suffer and are living in abject poverty The book also discusses proposals that can help improve their condition In line with this the effective contributions the church can make in order to fight poverty will be taken into consideration In fact it is not enough for the church to know that the situation of long term injustice in Nigeria is crippling the country rather she has also to live up to her mission vis vis the poor and the marginalised who are living in the country **The Conciliar and Post Conciliar Documents, Vatican Council II** Austin Flannery, 1975 *Engaging the Doctrine of Israel* Matthew Levering, 2021-09-16 This book is the dogmatic sequel to Levering s *Engaging the Doctrine of Marriage* in which he argued that God s purpose in creating the cosmos is the eschatological marriage of God and his people God sets this marriage into motion through his covenantal election of a particular people the people of Israel Central to this people s relationship with the Creator God are their Scriptures exodus Torah Temple land and Davidic kingship As a Christian Israelology this book devotes a chapter to each of these topics investigating their theological significance both in light of ongoing Judaism and in light of Christian Scripture Old and New Testaments and Christian theology The book makes a significant contribution to charting a path forward for Jewish Christian dialogue from the perspective of post Vatican II Catholicism Vatican Council II 2nd. 1962-1965 Vatican, 1979 **Vatican Council II.
