Vatican II The Essential Texts

Matthew L Lamb, Matthew Levering

Vatican II The Essential Texts:

Vatican II Norman Tanner, 2012-09-04 By encouraging engagement with the modern world and a refocusing of traditional teaching the Second Vatican Council brought new life into the practice of Catholicism The council's impact on the Church is still playing out today and with many current church issues finding their roots in differing interpretations of Vatican II it has never lost relevance Vatican II The Essential Texts brings together the key documents of the council As the council is commemorated on its 50th Anniversary readers will be returning to these source materials to understand the Church's developing positions on its relationship with the secular world and other religions the role of lay people human rights and the common good the liturgy and other still highly relevant issues In addition to the introductions from Pope Benedict and James Carroll the documents will also be accompanied by brief historical prefaces from Professor Edward Hahnenberg

An Introduction to Vatican II as an Ongoing Theological Event Matthew Levering, 2017 Contemporary scholars often refer to the event of Vatican II but what kind of an event was it In this first book of the new CUA Press series Sacra Doctrina Matthew Levering leads his readers to see the Council as a theological event a period of confirming and continuing God's self-revelation in Christ into a new historical era for the Church This is an introduction to Vatican II with a detailed summary of each of its four central documents the dogmatic constitutions followed by explanations of how to interpret them In contrast to other introductions which pay little attention to the theological soil in which the documents of Vatican II germinated Levering offers a reading of each conciliar Constitution in light of a key theological author from the era Ren Latourelle SJ for Dei Verbum persons and propositions Louis Bouyer CO for Sacrosanctum Concilium active participation Yves Congar OP for Lumen Gentium true and false reform and Henri de Lubac SJ for Gaudium et Spes nature and grace This theological event is ongoing Levering demonstrates by tracing in each chapter the theological debates that have stretched from the close of the council till the present and the difficulties the Church continues to encounter in encouraging an ever deeper participation in Jesus Christ on the part of all believers In this light the book's final chapter compares the historicist Massimo Faggioli and Christological Robert Imbelli interpretations of Vatican II arguing that historicism can undermine the Council's fundamental desire for a reform and renewal rooted in Christ The conclusion addresses the concerns about secularization and loss of faith raised after the Council by Henri de Lubac Joseph Ratzinger and Yves Congar arguing that contemporary Vatican II scholarship needs to take these concerns more seriously

Vatican II Alan Schreck, 2005 Whatever happened to the Second Vatican Council Has the Catholic Church backed away from its teachings What exactly were those teachings Did the Council stand for the renewal of the liturgy for example or its destruction Did it bring the Church into the world or has it allowed the world to infiltrate the Church On the occasion of the fortieth anniversary of the closing of Vatican II Alan Schreck discusses the key documents of the Council and their meaning for Catholics today He also takes a close look at the ferment and criticism Vatican II left in its wake What he finds will surprise some Catholics but encourage all to lean into the task of

renewing and strengthening the Church for the twenty first century *Vatican II* Matthew L Lamb, Matthew Levering, 2008-04-30 In book title an international team of theologians offers a different reading of the documents from Vatican II The Council was indeed putting forth a vision for the future of the Church but that vision was grounded in two millennia of tradition Taken together these essays demonstrate that Vatican II s documents are a development from an established antecedent in the Roman Catholic Church Back cover Process Thought and Roman Catholicism John Becker, Marc A. Pugliese, 2022-03-21 This collection of essays explores convergences and divergences between process thought and Roman Catholicism with the goal of identifying reasons for why process philosophy and theology has not had the same impact in Roman Catholic circles as in Protestantism and of constructively navigating avenues of promising engagement between Process thought and Roman Catholicism In creatively considering the Roman Catholic tradition from the vantage point of Process thought different theoretical perspectives are brought to bear on Catholic characteristics of historical theology fundamental theology systematic theology moral theology social justice and theology of religions While the contributors draw upon a broad range of resources from the disciplines of the physical and social sciences philosophy and ethics from a process perspective the primary methodology employed is theological reflection **Reconciling Theology** Paul Avis, 2022-02-28 In *Reconciling Theology* leading thinker on Anglicanism and ecumenism Paul Avis focuses on the perennial Christian issues of argument debate polemic and conflict on the one hand and dialogue search for common ground working for agreement and harmony on the other Exploring the tension and interaction between them in a range of contexts in modern theology and the Church Avis offers a rigorous but accessible vision of church which moves beyond the usual dichotomy of liberal or orthodox **The Story and Promise of Vatican II: in Plain English** Bill Huebsch, 2020-07-18 The story and promise of the Second Vatican Council are part and parcel of the church s daily life throughout the world It isn t possible to prepare for or enact pastoral ministry today without being a student of Vatican II From participatory liturgy to whole family faith formation from the RCIA to the diaconate and from the renewed call to holiness to the renewed age of mercy the springboard of the modern church is Vatican II Because of this knowing about the story of Vatican II is essential to understanding its promise This volume tells that wonderful story of the council and it does so in plain English It follows an exciting chronological pathway from the beginning of the council to its final bell But the deep promise of the council is found in the documents themselves Church documents don t always make for compelling reading but the plain English presentations which author Bill Huebsch provides here make this book a page turner Huebsch captures the excitement and rapidly unfolding drama all set in the theater of St Peter s Basilica during those four years in the early 1960s He treats each character with dignity and respect moving beyond the judgments of too liberal or too conservative that have dogged the Church and created division rather than unity This book fills its readers with hope and equips them to unfold the promise of the Second Vatican Council in today s world **To Sanctify the World** George Weigel, 2022-10-04 A leading Catholic

intellectual explains why the teachings of the Second Vatican Council are essential to the Church's future and the world's. The Second Vatican Council 1962-1965 was the most important Catholic event in the past five hundred years. Yet sixty years after its opening on October 11, 1962, its meaning remains sharply contested and its promise unfulfilled. In *To Sanctify the World*, George Weigel explains the necessity of Vatican II and explores the continuing relevance of its teaching in a world seeking a deeper experience of freedom than personal willfulness. The Council's texts are also a critical resource for the Catholic Church as it lives out its original Christ-centered evangelical purpose. Written with insight and verve, *To Sanctify the World* recovers the true meaning of Vatican II as the template for a Catholicism that can propose a path toward genuine human dignity and social solidarity.

Vatican II Gavin D'Costa, 2014. Gavin D'Costa breaks new ground in this authoritative study of the Second Vatican Council's doctrines on other religions, with particular attention to Judaism and Islam. The focus is exclusively on the doctrinal foundations found in *Lumen Gentium* 16 that will serve Catholicism in the twenty-first century. D'Costa provides a map outlining different hermeneutical approaches to the Council whilst synthesising their strengths and providing a critique of their weaknesses. Moreover, he classifies the different authority attributed to doctrines, thereby clarifying debates regarding continuity, discontinuity, and reform in doctrinal teaching. *Vatican II: Catholic Doctrines on Jews and Muslims* expertly examines the Council's revolutionary teaching on Judaism, which has been subject to conflicting readings, including the claim that the Council reversed doctrinal teachings in this area. Through a rigorous examination of the debates, the drafts, the official commentary, and with consideration of the previous Council and papal doctrinal teachings on the Jews, D'Costa lays bare the doctrinal achievements of the Council and concludes with a similar detailed examination of Catholic doctrines on Islam. This innovative text makes essential interventions in the debate about Council hermeneutics and doctrinal teachings on the religions.

The Disputed Teachings of Vatican II Thomas G. Guarino, 2018-10-09. The Second Vatican Council 1962-1965 radically shook up many centuries of tradition in the Roman Catholic Church. This book by Thomas Guarino, a noted expert on the sources and methods of Catholic doctrine, investigates whether Vatican II's highly contested teachings on religious freedom, ecumenism, and the Virgin Mary represented a harmonious development of or a rupture with Catholic tradition. Guarino's careful explanations of such significant terms as continuity, discontinuity, analogy, reversal, reform, and development greatly enhance and clarify his discussion. No other book on Vatican II so clearly elucidates the essential theological principles for determining whether and to what extent a conciliar teaching is in continuity or discontinuity with antecedent tradition. Readers from all faith traditions who care about the logic of continuity and change in Christian teaching will benefit from this masterful case study.

Martin Buber Sarah Scott, 2022-12-06. A new collection of essays highlighting the wide range of Buber's thought, career, and activism. Best known for *I and Thou*, which laid out his distinction between dialogic and monologic relations, Martin Buber (1878-1965) was also an anthologist, translator, and author of some seven hundred books and papers. *Martin Buber: Creaturely Life and Social Form*, edited by Sarah Scott, is a collection

of nine essays that explore his thought and career Martin Buber *Creaturely Life and Social Form* shakes up the legend of Buber by decentering the importance of the I Thou dialogue in order to highlight Buber as a thinker preoccupied by the image of relationship as a guide to spiritual social and political change The result is a different Buber than has hitherto been portrayed one that is characterized primarily by aesthetics and politics rather than by epistemology or theology Martin Buber *Creaturely Life and Social Form* will serve as a guide to the entirety of Buber s thinking career and activism placing his work in context and showing both the evolution of his thought and the extent to which he remained driven by a persistent set of concerns

The Vision of Vatican II Ormond Rush,2019-06-27 2020 Catholic Press Association first place award theology theological and philosophical studies This book is unique in the literature about Vatican II From the manifold issues debated at the council and formulated in its sixteen documents Ormond Rush proposes that the salient features of the vision of Vatican II can be captured in twenty four principles He concludes by proposing that these principles can function as criteria for assessing the reception of the conciliar vision over the last five decades and into the future There is no other book that attempts such a comprehensive synthesis of the council s vision for renewal and reform of the Catholic Church **A**

Concise Guide to the Documents of Vatican II Edward P. Hahnenberg,2007 The sixteen documents of the Second Vatican Council are the most important texts produced by the Catholic church in the past four hundred years They shape virtually every aspect of church life today But hardly anyone ever reads them From the Introduction In this indispensable guide Edward P Hahnenberg outlines each of the documents produced by the Second Vatican Council Offering the background for each work its language and context this book provides a clear and concise overview of the Council s work and its significance in the life of the church Each document s history content major concerns and effects are considered

Significant quotes provide a sample of the language and contemporary topics provide discussion opportunities Scripture scholars and students and every Catholic will find this a valuable resource *Theological Highlights of Vatican II* Pope Benedict XVI,2009 Joseph Ratzinger s report on the debates and struggles that made up each of the four sessions of Vatican II 1962 65 along with theological commentary [Christianity as a Way of Life](#) Kevin W Hector,2023-09-05 Focusing on

Christianity s core practices a leading theologian imagines Christianity as a way of life oriented toward wisdom A Seminary Coop Notable Book of 2023 In this book Kevin W Hector argues that we can understand Christianity as a set of practices designed to transform one s way of perceiving and being in the world Hector examines practices that reorient us to God imitation corporate singing eating together friendship and likemindedness that transform our way of being in the world prayer wonder laughter lament and vocation and that reshape our way of being with others benevolence looking for the image of God in others forgiveness and activism Taken together the aim of these practices is to transform one s way of perceiving and acting in the face of success and failure risk and loss guilt and shame love and loss of control These transformations can add up to a transformation of one s very self To make sense of Christianity as a way of life in turn these

practices must be understood within the context of Christian beliefs about sin Jesus redemption and eternal life Understanding them thus requires a systematic theology which Hector offers in this clear eyed ambitious and elegant interpretation of the Christian tradition

Theological Highlights of Vatican II. Pope Benedict XVI,1966 [The Word of God at Vatican II](#) Ronald D. Witherup,2014-05-20 The Vatican II s Dogmatic Constitution on Divine Revelation is universally acclaimed as one of the council s most important documents Published in 1965 after a long and circuitous route throughout all four years of the council Dei Verbum sets forth the Catholic Church s official teaching about divine revelation and the complex interrelationship between Scripture and Tradition With the approach of the fiftieth anniversary of the constitution this book intended for general audiences summarizes the history and principal teaching of this groundbreaking document Accompanying the text of The Word of God at Vatican II is a paragraph by paragraph commentary and an exploration of the impact the constitution has had in the church s life Readers will be amazed at how influential Dei Verbum continues to be even today

Essential Vatican II Bellitto, Christopher M.,2024 Essential Vatican II identifies the controversies that emerged from Vatican II and the impact of the Council s themes on contemporary Church life The team of contributors comes from a variety of backgrounds methodologies personal experiences and vocations of ministry steeped in the Council Each chapter outlines the essentials of its topic explains what happened at Vatican II and why and most especially describes what s happened since Vatican II With over a half century of experience in diverse cultures each contributor asks What do we now see as the document s strengths and weaknesses Where has the document made a difference or not Where have its visions been implemented or not What have the reactions for and against been and why What might the future hold

The Documents of Vatican II Walter M. Abbott,1966 **Sources of Renewal** Pope John Paul II,1979
