Vaulted Home Those Who Cheated Death:

Vaulted Home Ana Filomena Amaral, 2014-06-11 **Vaulted Home Those Who Cheated Death** is a novel about creation that is guided by two main parts. The first consideration is that of the history of mankind from prehistoric to twentieth century as told by a woman and representing the home of the world. The second part is the story of the construction of the house of the individual. The seven chapters in which the work is divided are an analogy and reference to the biblical seven days of creation. The main protagonist is a woman who embodies all the periods in which the narrative is conceived and interacts with the main male characters according to their role in world history. Then we have the more intimate side of the story which is the building of mankind's house, the house of being human with all the philosophical thoughts and feelings. Ana Filomena Amaral is a Portuguese writer born in Avintes Oporto and now lives in Lousa. She earned a master's in contemporary economic and social history from the University of Coimbra and a specialization in documentary sciences. She is an experienced interpreter and translator in several European languages particularly German. The author works for the Minister of Education in Coimbra. She has already published five novels in Portugal and **Vaulted Home** is one of them. She has also published historical monographies including her master's thesis about the Portuguese First Minister Maria de Lourdes Pintasilgo. The Director Ana Filomena Amaral, 2021-10-18 **The Director** is a novel focuses on Gilgamesh's Sumerian epic adapted to the present reality. Contemporary problems are addressed from the destruction of the oceans to the genocide of Armenians, corruption at the highest level and the predatory greed that threatens the planet including the situation of Syrian refugees in the perspective of what humanity wants for the future and how is compromising it. The issue of immortality is nuclear as in the Gilgamesh epic.
