From 0 to over 27 million views in less than 6 weeks A TikTok experiment by a marketing expert on the fastest growing social media platform on the planet TikTok TikTok is one of the fastest social media platforms of 2018 2019 and surely 2020 It is approaching the 1 billion monthly active user mark and setting new records on almost any level It s rocket like user growth gets much media attention But who is behind TikTok What makes this app so special What is its addictive formula to keep users for hours on the platform Markus Rach a marketer entrepreneur researcher lecturer husband and dad set out to answer these questions To do so he engaged in a TikTok experiment On January 14 2020 Markus created a TikTok profile with the objective to get a TikTok upload with 1 million views Although it took him 6 weeks to achieve his goal his account the *marketing_guy* has now over 30 million views over 2 8 million likes multiple TikToks with millions of views and over 50 000 TikTok fans Ok for a boomer right In this book Markus shares his

experience and learnings from this unique experiment. He looks at TikTok from a marketer's perspective. Answering the very questions marketers have in their mind when thinking about TikTok. Is TikTok relevant for me? Should I join TikTok? How does TikTok work? Isn't it just an app for 13 year old teens? How can I create a TikTok? Will I get views and how? All of these questions were answered in 7 chapters and to great detail. It also addresses why marketers should not just engage in advertising on the platform but understand the platform first. At the same time this book documents the experiment's dark side. The emotional side. The race for content and ideas. The emotional twist to wait for views to go up. The happiness is they do and the disappointment if they don't. This book also deals with advertising on the platform. One brand got almost 4 billion views on their sponsored hashtag challenge. Others are less successful. Some brands even fail to setup their account. Some just throw money at influencers and others miss to understand the platform's culture. It reveals what went wrong with marketing. And how you can become a kick ass marketer on the platform. Understand the platform, get your hands dirty, get over yourself and don't forget there are teens with 35 million followers and 2.2 billion likes on the platform. They don't have an agency nor a department full of degree educated marketers. Your time to get on the platform is now. Want to be in my TikTok the marketing_guy

TikTok-- How to Become Famous on TikTok Martin Baldrön, 2020

You know how those Hollywood Stars didn't want to be on IG 4 years ago cause they thought they were cool sh*t but now they're like Uhoh. Striking a platform while it's hot matters way more than if that platform exists in a decade. See people like Kylie Jenner. I know cheesy. She built a brand on Instagram while it was the trend. Now she sell whatever wherever but that couldn't be possible if she didn't strike the Instagram trend. Every few years a new platform is born and a small circles of people the ones that know how to harness its power become HUGE and build a brand. Look at Logan Paul Took Vine's trend and now they're making millions. Why can't anybody be a part of that circle? And why you should try to. Most people think that since it's new they can jump on it and get easily their piece. Then they try and it seems like they don't have that magic power anymore. Does this sound familiar? You join the trendy platform you see influencers and brands with a lot of followers and you're like HOW SWAY HOW Kanye's voice. You see them having success and you rightfully think how did they do that? For my skateboard brand I tried with Instagram Stories when it was hot. Had a little following but ONLY because my girl a model reposted all my content in her profile. I know So I tried to post viral videos every day. I tried everything. Hashtags commenting funny stuff brand campaigns. No success for me. I was getting views and traffic but other than that. No fans NO sales. I thought Maybe I'm doing it wrong. My target is not here. I suck. But then I understood that you don't have to reinvent the wheel to have success. I started emulating viral content but just when I was getting close to my goal. It seemed like the organic reach on IG was dead. The trend was dying at light speed and I understood quickly I had no chance anymore. But I learned 1 thing I'll NEVER BE LATE ANYMORE. TikTok was getting traction I noticed it so I moved my content from IG to TikTok and then BOOM I understood immediately how it worked so I planned a strategy I posted every day and I got 137k followers in 2 months I was

like WHAT THE HELL And if I did it NOW that you re reading I would even have better results since millions of people are joining the platform every week The faster you move with the right strategy the better the chance for you You don t need to be beautiful or a 12 years old Originality is what works on TikTok and it s proven to work in every industry NO STRATEGY BIG LOSS tho even if you re Kylie WHAT S THE STRATEGY THAT BROUGHT ME FROM 0 TO 137K My strategy is evergreen I tried it so many times that now I can figure out how a new social media works in just a week So you can take it and apply it in every platform This book is so valuable for you I promise THE STRATEGY 1 Don t reinvent Emulate viral content 2 Find your micro niche that s easier to conquer conquer it and then conquer the bigger niche and so on3 Create content that sells you your product or other people s so you can monetize from your phoneBut listen I want you to know this This app s organic reach is remarkable and it will go away It happened with Facebook it happened with Vine it happened with Instagram more recently I will prevent you to get a brown smile and I will help you have success from your cellphone Deal You can do it I wish I had this knowledge when I
