Reverse Your Diabetes in 12 Weeks George King, Royce Flippin, 2016-10-21 A groundbreaking program to avoid control and even reverse diabetes through diet and exercise The research of Dr George King chief scientific officer of Harvard Medical School's Joslin Diabetes Center is widely recognized in the medical community as the gold standard In Reverse Your Diabetes in 12 Weeks previously published in hardcover as The Diabetes Reset Dr King transforms the center's cutting edge research including the discovery of brown fat and how it enhances the effects of the body's own insulin into a program of eight proven strategies Foremost is diet but the real surprise is that the diet that actually works a modified rural Asian diet derives 70% of its calories from carbohydrates Dr King disentangles the myths and confusion surrounding carbohydrates fats protein and fiber and shows why not all carbs are bad and why sugar is not the root of all evil Losing weight is also key but in a very doable way significant changes happen with a 5 to 7% reduction of body weight He emphasizes the importance of exercise it increases the muscles glucose absorbing ability and gives an easy to follow program of aerobic and strength exercises And he shows why diabetics especially need those seven hours of sleep a night chronic lack of sleep causes insulin resistance A twelve week plan shows how to put all of it into action to take charge of blood glucose levels and significantly improve your health

Here's the designer's guide to creating excellent e-books with InDesign. Creative professionals are designing more and more e-books and e-zines as digital publishing increasingly gains market share. This book pulls together a wide range of essential information to help them maximize the versatility of InDesign for e-publishing. If you need to know how to build, deploy, and manage digital publications using InDesign, here's your guide to the process from understanding the platforms and devices and how best to design for them to creating media-rich content for multiple formats using a variety of technologies. Designers are seeking to sharpen their skills to compete in today's e-publishing market, and this book is packed with necessary information about creating and adapting content for e-publication. Explains how to plan a new digital publication, convert a print publication to digital, add multimedia and interactivity, and publish and distribute the finished product. Covers platforms, devices, and formats; creating media-rich content; designing for different devices; and managing digital publications. Examines Adobe's Digital Publishing System, CSS, HTML5, and other commercial vehicles available for e-publishing on multiple platforms, including iPad, Kindle, NOOK, and other tablets and e-readers. ePublishing with InDesign is a valuable tool for designers seeking to boost their skills and create cutting-edge e-publications.
