Children's Literature and Culture Rebecca

Rowe, 2025-08-08 Children s Literature and Culture An Introduction guides readers in the study of culture in around and through children s literature Children s literature has long been used as a mechanism by which a culture passes its values from one generation to the next Because of this culturally didactic purpose children s literature can be viewed as one of the most fruitful areas of study of any given culture At the same time studying the cultures from which works of children s literature emerge and in which they circulate can also help better understand not only the ideas of childhood that underpin individual texts for children but the role they play in the construction and transmission of different cultural ideologies This

book teaches readers this double work of using culture to understand children's literature and vice versa. This volume traces the scholarly methodologies and histories that have attended the study of each of the 20 chapters given subject from the representation of race in and around children's literature to questions of censorship to how libraries can and do shape children's literature. In the process it prepares readers to confidently enter and forward scholarly debates and to teach such debates to their own students.

The Side Hustle Nick

Loper, 2019-04-22 Make Money and Live Better The Side Hustle is for people who want or need to earn some extra money outside of their day jobs Maybe you need a few extra dollars to make ends meet Maybe you want to pay off debt Maybe you

want to save for a rainy day or for your children's education. Maybe you just want to treat yourself to a nice vacation or a new car without feeling guilty about it. Maybe you're looking for a way out of the corporate world and an escape plan. That's the ultimate financial freedom, right? That's how I got started down this entrepreneurial path and it's the best choice I ever made. You're willing to work for it because your future is worth working for. But your time is limited and you may not know where to start. There are a million and one ways to make money online and everyone wants to sell you their proven system for Internet riches. It's hard to tell what's a scam and what's legit. Real World Examples. This book offers real world examples of how regular people just like you and me are earning side hustle income outside of traditional employment. Many have even turned these part time ventures into full time businesses, throwing off the shackles of their corporate overlords for good. And the cool thing is there are no special technical skills or prerequisites to get started with any of the ideas presented. Most don't require any big scary upfront investment. If you're a fan of Chris Guillebeau, Pat Flynn, or Tim Ferriss, you'll love this. Why Side Hustle Build Skills Build Security Build Income Build Freedom My Story. After college, I did what you're supposed to do. I got a job. The problem was almost immediately I found myself looking for a way out. It wasn't that I hated the work or my coworkers, but it just wasn't what I wanted to do with my life. The thought of spending my next 30 years there was terrifying. So evenings and weekends I turned my attention online. I'd been dabbling with building rudimentary websites, learning online advertising channels, and even running my own small marketing campaigns for other companies' products to test the waters. And that's what The Side Hustle is about: finding a low-risk way to make more money. Most entrepreneurship books assume you have limitless time and limitless startup capital, but I know from talking to thousands of side hustlers that's simply not the reality. I started small and lean but steadily built up my side hustle until I could say good-bye to corporate work. You can do it too. I'll show you how. What's Inside: If you're looking for a get-rich-quick scheme or the secret to overnight success, you won't find it here. But what you will find are the Big 3 side hustle business models you can take action on right away. I've interviewed hundreds of profitable side hustlers on The Side Hustle Show to figure out how their businesses work, how they make money, and most importantly, how you can replicate their success. In this book, you'll meet these real world side hustlers who built and sustained businesses they care about. They faced the same fears and uncertainties you're wrestling with but made something happen. Now it's your turn. What are you waiting for? The timing will never be perfect.
