This in depth evidence based roadmap to high quality care in nursing homes is a powerful compilation of the expertise of leaders in our field. This is a must read. Heather M Young PhD RN FAAN FGSA Professor Betty Irene Moore School of Nursing University of California Davis I highly recommend this exceptional book. It is timely, comprehensive and written by distinguished authors and interprofessional contributors who are among the very best in the field. Kathleen Kitty Buckwalter PhD RN FAAN Professor of Research Distinguished Nurse Scientist in Aging Donald W Reynolds Center of Geriatric Nursing Excellence College of Nursing Oklahoma University Health Sciences Center Professor Emerita University of Iowa College of Nursing Long term care settings are highly regulated environments where the emphasis historically has been on compliance. Many misconceptions persist about practice in nursing homes and these go largely unaddressed within nursing education programs. Herein lies one of the significant barriers to improving nursing home care. Practice Leadership in Nursing Homes dispels many misconceptions and provides a foundation for clinical practice in a unique exciting setting illustrating how high quality nursing care can result in positive resident outcomes. This book challenges educators and students to look beyond incorrect perceptions and negative attitudes to see a vibrant growing healthcare sector ripe for nurses to make an impact and build rewarding careers. Expert authors cover the following and more: Comprehensive care planning, Models of care delivery, Common geriatric syndromes, Staff development and training, Nursing home financing and regulatory information.
