Moreover, they could make an effort to love and respect you more than they did before. This book offers strategies for mending a betrayal and rebuilding trust in a relationship. As everyone knows, a relationship cannot survive without trust; thus, it's critical to fully comprehend the significance of trust in interpersonal relationships and how to mend shattered trust. **Boosting Emotional And Connection In Love** Myrtie Souto, 2021-05-06. happy home **Save Your Marriage: Simple Fixes to the Most Common Marital Problems** Sarah Lilton,2012-07-26

Most people are excited about their wedding day However the wedding day itself isn t nearly as important as the years of marriage to follow If you re truly committed to being married for better or for worse you need to learn how to communicate appropriately with your significant other About 20 percent of marriages end in divorce within the first five years of the marriage and most of these marriages fail because of communications issues Although financial problems problems with relatives and problems in the bedroom are among the top reasons for divorce the real issue usually has to do with the way the couple communicate about these problems In my experience as a coach in training people are often afraid to talk about problems because they don t want to mess up the relationship I ve struggled with this as well and I ve found that every time I swallow anger sadness or other negative feelings I get depressed Eventually the feelings come out in a negative or destructive way leaving me feeling embarrassed and causing unnecessary hurt to people I love I ve learned that honesty draws me closer to my significant other as well as allowing me to avoid that entire pattern In any case failure to communicate can cause tiny problems to become dealbreakers For example if you don t say anything about your partner s tendency to leave dishes in the sink your partner may continue to leave the dishes undone and when you can t stand it anymore you might fire off a list of accusations that quickly become an argument Lack of communication can also lead to partners feeling defensive or picked on if criticized by the other partner and 93 percent of couples who fight unfairly or attack one another verbally will get divorced within 10 years of marriage You ll need to tone up your communication skills to help deal with bigger issues too The addition of a new baby into a family a child going off to college or a marriage partner changing jobs can cause both partners to become stressed out and then not deal with one another appropriately

Communication is even more important when a couple faces these types of situations without communication marriage partners will blow off steam by complaining to other people about one another or get buried in work so that they don t have to speak to each other Poor communication causes marriage partners to feel undervalued and unloved and this in turn can cause partners to forget that they love one another in the first place Once this shift occurs partners begin to see one another as enemies and begin fighting each other out of a misplaced sense that their worth as human beings is being threatened Once the marriage has been derailed in this manner it s difficult to get it back on track Marriages that have deteriorated to this point require intervention from a counselor trained in teaching couples communication skills in order to stop the progression towards divorce Whether you re newly married or have been married for a while you can learn to communicate better with your partner and resolve common problems As communication skills increase so will your emotional intimacy The strength of your bond will keep the marriage from becoming another divorce statistic regardless of what problems you have to face together *Lasting Love* Alistair Begg,2015-06-18 What makes love last a lifetime No one marries intending to fail Each couple that says I do hopes for a long and beautiful life together But as time passes many drift apart and some

eventually call it quits But what about the ones who stay the course who don t just bear through marriage but actually love it What s their secret It s simple really there is no secret They follow God s revealed design In Lasting Love Alistair Begg unfolds this design After laying theological foundations he builds levels of application showing how God s blueprint makes marriages sturdy and vibrant Ideal for both those considering marriage and those already married Lasting Love is a comprehensive book on the essentials of a great and godly union such as What the Bible says about marriage vows gender roles and parenting What to look for in a potential spouse How to cure and prevent marital decay Heed the advice of this pastor who has seen too many marriages come and go Let yours last a lifetime Includes a study guide for spouse and group discussion to help you put the book s principles to practice
