Annice Tabbaa, 2021-05-20 Deconstruction is so labyrinthine and rumored to be fatal that it's become the monster that murdered philosophy. When Jacques Derrida the father of deconstruction uses buzz words such as phallogocentrism and transcendental signified humanities students and aspiring philosophers may get weak in the knees. Feel like you are lacking the secret password to whisper to the doorkeeper at publishing houses. Maybe it's a secret handshake instead that is exchanged between editors and authors when they meet or virtually between readers and authors on social media sites that land a book sale.

**AI Business for Everyone** Michael T. Murphy, AI income strategies that actually work for YOUR life. This 1 000 page manual guide delivers hyper personalized passive income roadmaps for 15 demographics: parents, retirees, freelancers, everyone. With 2 100 ready to use prompts, case studies exposing costly pitfalls and aggressive 30 day action checklists you'll build your 1 000 monthly automated income while others just read about AI. While others debate whether AI will take their jobs, smart individuals across every demographic are quietly building automated income streams generating thousands monthly. This isn't another generic make money with AI guide assuming everyone's a tech savvy twenty something. This is the first truly democratized roadmap to AI wealth crafted for YOUR specific situation. Whether you're a stay at home parent squeezing work between school runs, a retiree navigating technology, a burned out freelancer seeking leverage, or an influencer fighting algorithm changes, this 1 000 page manual guide delivers hyper personalized strategies for your unique circumstances. Each of fifteen demographic focused chapters weaponizes your specific advantages and turns perceived limitations into competitive edges. What sets this guide apart is relentless practicality. This isn't theoretical exploration; it's a bootcamp. Every chapter demands action through implementation checklists leaving zero room for procrastination. You'll launch micro businesses during naptime, automate client work during lunch breaks, and build passive income streams aligned with your lifestyle constraints. At its heart lies an arsenal of 2 100 battle tested prompts categorized by industry and demographic needs. These aren't generic templates; they're precision engineered tools transforming ChatGPT and Claude into your personal workforce. From healthcare practitioners needing HIPAA compliant content to pet entrepreneurs dominating Instagram, every prompt delivers immediate monetizable results. Through detailed case studies you'll witness actual people, not gurus, building sustainable AI businesses. Meet the seventy year old launching an AI consulting firm, the exhausted mom automating her way to 3 000 monthly, the weekend hobbyist whose Chrome extension generates 5 000 monthly. Crucially, you'll learn their failures and costly mistakes too. This isn't success theater; it's unvarnished truth about

building AI income Every chapter follows an aggressive thirty day timeline transforming overwhelming possibilities into daily actions Week one tool setup and niche selection Week two minimum viable product Week three testing and refinement Week four launch and scale The structure pushes you from zero to revenue through forced accountability and relentless momentum Specialized sections address challenges facing regulated industries and creative professionals Healthcare practitioners monetize expertise while maintaining ethical boundaries Artists discover how AI enhances rather than replaces creativity Educators transform teaching skills into automated course empires Small business owners multiply revenue without multiplying headcount This isn't about replacing human creativity with artificial intelligence It's about amplifying existing advantages through strategic automation The book teaches you to identify unfair advantages whether life experience professional network or availability during odd hours and systematically convert them into income generating systems working while you sleep parent travel or pursue passions The comprehensive prompt library eliminates the learning curve allowing immediate implementation Action checklists ensure you're not just reading but doing Real world examples show both spectacular wins and cautionary tales preparing you for every scenario Join thousands discovering the AI gold rush isn't just for Silicon Valley insiders Your demographic isn't a limitation it's your secret weapon in the 72 billion AI economy Stop watching Start building Your automated income stream awaits
