for story telling have earned him most of the credit Certainly no one did more to bring about the successful economy we now enjoy and inhabit But history will just not behave If this transformation not only brought economic growth and prosperity but in some degree also laid the ground for the debasement of political debate to tin eared sloganeering and second hand managerialism should he not share the credit for that as well From the Afterword by Don Watson In December 1991 Paul Keating wrested the role of Prime Minister from Bob Hawke and the bruises from that struggle were part of the baggage he brought to the job the other parts included the worst recession in 60 years and an electorate determined to make him pay for it Keating defied the odds and won the 1993 election and in his four years as Prime Minister set Australia on a new course towards engagement with Asia a republic reconciliation a social democracy built on a modern export based economy and sophisticated public systems of education and training health and social security Widely regarded as a quintessential economic rationalist Keating s record clearly shows that his vision was infinitely broader and more complex Don Watson was employed as Keating s speechwriter Based on the diaries Watson kept through the four turbulent and exhausting years of Keating s Prime Ministership on its release *Recollections of a Bleeding Heart* was widely deemed a masterpiece It is at once a groundbreaking inside account of politics and a profound and extraordinarily frank study of the most intriguing and visionary politician in Australia s modern history Now when vision and character have all but vanished from politics Don Watson s *Recollections* makes absorbing and essential reading *10th Anniversary Journal* Shanley Ruslove,2019-06-23
