The No-BS Guide To DIY Powerwalls Kelly Hohnholz, 2020-12-25 The Guide to DIY Powerwalls was the first of a 3 part series I started in May of 2020 during the height of the Pandemic that focused solely on creating a robust and extremely powerful power storage system similar to the Tesla Powerwall but on a shoestring budget One of the requirements would be its easy intergration into other off grid technologies The search led me to discovering how to repurpose large and relatively inexpensive batteries from wrecked Electric Vehicles EVs This book consists of 113 pages broken down into seven chapters which are Safety Planning Teardown Preparation Deployment and the P3 Portable Power Pack Builds The guide walks you through determining your energy usage and needs

storage amounts locating suitable batteries at the best price and converting them into a usable battery bank This guide illustrates the conversion of a Ford C Max battery module but the principals apply to almost any EV battery out there Although a seemingly daunting task this book makes it easy with plenty of pictures careful explanations and a sprinkling of humor This book will be useful to everyone from the novice to the expert alike *The Routledge Handbook of FinTech* K. Thomas Liaw, 2021-06-14 The Routledge Handbook of FinTech offers comprehensive coverage of the opportunities challenges and future trends of financial technology This handbook is a unique and in depth reference work It is organised in six thematic parts The first part outlines the development funding and the future trends The second focuses on blockchain technology applications and various aspects of cryptocurrencies The next covers FinTech in banking A significant element of FinTech mobile payments and online lending is included in the fourth part The fifth continues with several chapters covering other financial services while the last discusses ethics and regulatory issues These six parts represent the most significant and overarching themes of FinTech innovations This handbook will appeal to students established researchers seeking a single repository on the subject as well as policy makers and market professionals seeking convenient access to a one stop guide

Social Media Marketing Tracy L. Tuten, 2020-11-18 Winner of the TAA 2017 Textbook Excellence Award. Social Media Marketing deserves special kudos for its courage in tackling the new frontier of social media marketing. This textbook challenges its readers to grapple with the daunting task of understanding rapidly evolving social media and its users. TAA Judges Panel: The market leading and award winning text on social media marketing has been fully updated for this fourth edition. With a balance of essential theory and practical application, the text has been thoroughly revised to reflect the latest developments in social media marketing research and practice. 11 new case studies have been added to the Case Zone, including TikTok, LEGO, Nespresso and Puma. A student engaging case study now runs throughout the entire textbook, looking at the US based company Kombucha 221 BC to help develop understanding of each chapter. The book is complemented by a companion website that offers valuable additional resources for both instructors and students, including author videos discussing key social media marketing ideas and concepts, author selected YouTube video playlists, additional case studies, further weblinks, PowerPoint slides and Testbank. A must have text for those studying social media marketing.
