**Wireless Message** Victor Appleton,2017-06-19 Chapter I An Appeal For Aid Tom Swift stepped from the door of the machine shop where he was at work making some adjustments to the motor of his airship and glanced down the road He saw a cloud of dust which effectually concealed whatever was causing it Some one must be in a hurry this morning the lad remarked Looks like a motor speeding along My but we certainly do need rain he added as he looked up toward the sky It s very dusty Well I may as well get back to work I ll take the airship out for a flight this afternoon if the wind dies down a bit The young inventor for Tom Swift himself had built the airship as well as several other crafts for swift locomotion turned to reenter the shop Something about the approaching cloud of dust however held his attention He glanced more intently at it If it s an automobile coming along he murmured it s moving very slowly to make so much fuss And I never saw a motor cycle that would kick up as much sand and not speed along more It ought to be here by now I wonder what it can be The cloud of highway dirt rolled along making some progress toward Tom s house and the group of shops and other buildings surrounding it But as the lad had said the dust did not move at all quickly in comparison to any of the speedy machines that might be causing it And the cloud seemed momentarily to grow thicker and thicker I wonder if it could be a miniature tornado or a cyclone or whirlwind and Tom spoke aloud a habit of his when he was thinking and had no one to talk to Yet it can hardly be that he went on Guess I ll watch and see what it is Nearer and nearer came the dust cloud Tom peered anxiously ahead a puzzled look on his face A few seconds later there came from the midst of the obscuring cloud a voice exclaiming G lang there now Boomerang Keep to feet a movin an we sho will make a record Tain t laik we was a autermobiler er a electricity car but we sho hab been goin sence we started Yo sho done yo se f proud t day Boomerang an I se gwine t keep mah promise an gib yo de bestest oats I kin find Ah reckon Massa Tom Swift will done say we brought dis yeah message t him as quick as anybody could Then there followed the sound of hoofbeats on the dusty road and the rattle of some many jointed vehicle with loose springs and looser wheels Eradicate Sampson exclaimed Tom But who would ever think that the colored man s mule could get up such speed as that cloud of dust indicates His mule s feet must be working overtime but he goes backward about as often as he moves forward That accounts for it There s lots of dust but not much motion Once more from the midst of the ball like cloud of dirt came the voice of the colored man Now behave yo se f Boomerang We m almost dere an den yo kin sit down an rest if yo laik Jest keep it up a little longer an we ll gib Massa Tom his telephone G lang now Boomerang The tattoo of hoofbeats was slowing up now and the cloud of dust was not so heavy
