The Instaguide C. J. Hallock, 2017-07-31 Instagram has grown to be one of the largest social media platforms. With over 700 million monthly users it is the gateway between you and your soon to be customers or clients. I knew I needed to figure out Instagram. So I started doing some research. That research went from just looking at a few blog posts and Instagram accounts into a massive passion project. While I did start this as a blog post, The Ultimate Guide to Instagram, it continued to grow the more research I did. To date I have over 250 hours of research into Instagram. I found that none of the blog posts, books, or reports I read had much outside of a few hacks or one specific thing. This frustrated me so I started to piece every piece of information I could find on Instagram together. After that blog post passed 6 000 words I decided to finish it as a book so I can have all this information in one location that is easy for people to keep on hand. So follow along in this Instagram Guide and learn the basics and more. The following are some of the topics covered within the InstaGuide: How to create an Instagram account, How to use analytics, Business Tools within Instagram, What do I post to Instagram, What are hashtags and how do I use them, What should I post in my Instagram captions, What is a GeoTag, How often should I post on Instagram, Should I repost other peoples posts on Instagram, What can I do with an Instagram video, What do I do after I post to Instagram, What is Instagram Stories, How do I use Instagram Live, How to use Instagram Direct Messages. That is not all I have also included some of the best Instagram hacks to grow your following and increase your engagement online. This book also comes with some FREE bonus content including Video trainings, PDFs, Photoshop Templates for Instagram and so much more. The bonus package is web hosted so you will be able to have 24/7 access to it. It will also allow me to keep updates and other tools you need available for you.

You will be given information about the different benefits you can reap by using Instagram. You will learn about various tips for choosing the perfect Instagram name and tricks to optimize your brand's Instagram profile. Apart from this, you will also learn about specific strategies for building your niche on Instagram and thoroughly engage your audience. Marketing on Instagram and how you can increase your following are also discussed in detail in this book. A combination of all these factors will ensure that your brand makes the most of all that Instagram has to offer. You will want to make sure that whatever strategy you start to use on Instagram is going to keep the focus on the brand that you have built and how that brand sees the world. Instagram is great for sharing videos and photos, so make sure that when you connect the business with your followers, make sure that it stays consistent with your brand rather than straying away or showing things that just don't go together. Use your brand or company name in hashtags, the hashtags that you pick don't have to be complicated. If you already have a pretty good following on Instagram or your brand name is well known, go ahead and use this as one of your hashtags. This will make it easier for your followers to find you because they can just search the name and find some of your posts. Make a follower famous, it is not just about your followers checking out your posts, it is about how you interact with your followers. Take the time to look over the pages of your followers and then like and share some of their posts. This helps to show the customers that you really appreciate them because you are acknowledging their cool posts and sharing them with others on your page. Be careful with this one though because some may be personal and you should always ask for permission beforehand if you are unsure whether they would like it shared or not. So if you are ready to learn more, then let us get started immediately.

Instagram Secrets Alexander Vinci, 2021-09-04 Do you want to know how Instagram really works and what mindset you must have to succeed in this platform If you just starting reading through this guide and are thinking that your business isn t an eCommerce business and so Instagram isn t the place for you think again Remember the key proposition that Instagram brings is visualization Consider these examples 1 You re a real estate agent and want to highlight the newest mountain home that you have on the market 2 You are a world class hospital that just released a new mother s ward with beautiful birthing and stay suites with a spa like feel 3 You re a restaurant owner and want to highlight your savory and mouthwatering specials each week The above examples are all situations where nothing is actually being transacted online but the business is building brand awareness and drumming up interest so that the consumer will visit their website or pick up the phone to learn more The mysterious Instagram algorithm While we ll never know exactly how Instagram has weighted the various data points that they put into their algorithm we do know that Instagram s back end technology now focuses on

relevancy serving up the posts that are most likely to relate to certain users based on their activity on the site So every time a user clicks through a post or spends a certain amount of time looking at a certain influencer Instagram is capturing that data in some way and building it into their engine to ensure that posts that users won t care about are less likely to show up in their feed We do know however that Instagram is looking at the following Timely content This is all about recency meaning if a user hasn t logged in for a while they won t have to scroll through outdated and no longer relevant posts They ll be shown timely content that matters to them Interest This is really the secret sauce as Instagram is paying attention and will serve content that it believes the user will be interested in Relationships Instagram knows what photos users tag and where they comment So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future For marketers this is a great thing It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company s registered headquarters location must be located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book **Youtube, Tik-Tok and Instagram Made Easy** The Golden Inner Circle,2021-03-07 55% OFF for Bookstores Discounted Retail Price NOW Are your customers looking for inexpensive business to generate a lot of money and stop getting trapped at the current crisis Do you want to make sure that by buying one book they will come back and buy again and again Then you need this book in your library and your customers will never stop using it and giving it away WHY THIS BOOK CAN HELP YOUR CUSTOMERS This brand new book is a book written for entrepreneurs by entrepreneurs Forget the flashing banners false promises of overnight success and the phony internet gurus this is business insight straight from the source Laying it all on the line each line of this smart guide has come together for one singular purpose to bring your customer the undiluted truth of what it takes to make the 6 fiure online business dream a reality Your Client Will Find How to remove subconscious negative beliefs about money How to create a 6 figure online business following a bullet proof method that can count more than 2 3437 case studies in the US How to create a budget minimize risks and start with less than 97 Tips and tricks to discover the most profitable trends of 2021 The best online tools available gratis online and how to
