The Emerald Home Run Steven Andrew Janda, 2011-06-21 If you look for parallels in baseball and the Bible you will find them The Emerald Home Run is a true story which combines the Bible and a book author Steven A Janda wrote about the parables of Christ in 2008 entitled Ready or Not Here I Come Suddenly says Janda I began to notice many interesting parallels in Major League Baseball On April 15 2009 Ken Griffey Jr hit his 613th career home run The Emerald Home Run after returning to the Seattle Mariners from a nine year absence with the Cincinnati Reds and briefly with the Chicago White Sox As soon as Griffey hit the home run Hall of Fame Announcer Dave Neihaus said this was Griffey's 400th home run as a Mariner Instantly says Janda I remembered Moses who delivered the children of Israel after 400 years of bondage to the Egyptians The author reveals numeric mysteries including how Revelation appears in Genesis how the tribes of Israel in the Law of Moses are joined numerically to Genesis and revealed in Major League Baseball by the Gregorian calendar And children will love the secret formula for multiplying certain number patterns into millions without a calculator The revelations in this book have never appeared in text books The Emerald Home Run is truly an arithmetic lesson for the whole world to enjoy Do not be left behind **Federal Register**, 2012-04 Pirate Hunting Benerson Little, 2010-09-30 For thousands of years pirates privateers and seafaring raiders have terrorized the ocean voyager and coastal inhabitant plundering ship and shore with impunity From the victim's point of view these attackers were not the rebellious romantic rulers of Neptune's realm but savage beasts to be eradicated and those who went to sea to stop them were heroes Engaging and meticulously detailed Pirate Hunting chronicles the fight against these plunderers from ancient times to the present and illustrates the array of tactics and strategies that individuals and governments have employed to secure the seas Benerson Little lends further dimension to this unending battle by including the history of piracy and privateering ranging from the Mycenaean rovers to the modern pirates of Somalia He also introduces associated naval warfare maritime commerce and transportation the development of speed under oar sail and steam and the evolution of weaponry More than just a vivid account of the war that seafarers and pirates have waged Pirate Hunting is invaluable reading in a world where acts of piracy are once more a significant threat to maritime commerce and voyagers It will appeal to readers interested in the history of piracy anti piracy operations and maritime naval and military history worldwide Cleopatra Stacy Schiff, 2010-11-01 The Pulitzer Prize winning biographer brings to life the most intriguing woman in the history of the world Cleopatra the last queen of Egypt Her palace shimmered with onyx garnets and gold but was richer still in political and sexual intrigue Above all else Cleopatra was a shrewd strategist and an ingenious negotiator Though her life spanned fewer than forty years it reshaped the contours of the ancient world She was married twice each time to a brother She waged a brutal civil war against the first when both were teenagers She poisoned the second Ultimately she dispensed with an ambitious sister as well incest and assassination were family specialties Cleopatra appears to have had sex with only two men They happen

however to have been Julius Caesar and Mark Antony among the most prominent Romans of the day Both were married to other women Cleopatra had a child with Caesar and after his murder three more with his prot g Already she was the wealthiest ruler in the Mediterranean the relationship with Antony confirmed her status as the most influential woman of the age The two would together attempt to forge a new empire in an alliance that spelled their ends Cleopatra has lodged herself in our imaginations ever since Famous long before she was notorious Cleopatra has gone down in history for all the wrong reasons Shakespeare and Shaw put words in her mouth Michelangelo Tiepolo and Elizabeth Taylor put a face to her name Along the way Cleopatra s supple personality and the drama of her circumstances have been lost In a masterly return to the classical sources Stacy Schiff here boldly separates fact from fiction to rescue the magnetic queen whose death ushered in a new world order Rich in detail epic in scope Schiff s is a luminous deeply original reconstruction of a dazzling life
