 J.T. Nicholas, 2018-09-18 The Sickness unto Death The Synth revolution has come at last The supposedly synthetic beings humans crafted to do their dirty work for them have fully actualized their own humanity and they no longer acquiesce in their enslavement Victory in the struggle to tear down the institutions of oppression seems just a matter of time But the halls of power are not so easily shaken and a counterstrike is inevitable Former Detective Jason Campbell has pledged his life to the Synthetic cause So when a mysterious virus starts wiping out Synths left and right and shows signs of mutating to target everyone else he must lead a race against time to prevent the outbreak of the most horrific plague the world has ever seen If he succeeds he'll expose the moral bankruptcy of the depraved elites who will stop at nothing to restore the old order If he fails it could mean the end of life on this planet For both Synth and Human Praise for SINthetic Darkly engrossing SINthetic shines a stark light on the age old question what does it mean to be human Julie Kagawa New York Times bestselling author
