Zelle Buy Online Returns:

The Great Global Transformation Ronald M. Glassman, 2025-05-29 This book explores Karl Polanyi's concept of labor and money as fictional commodities created by the market. Capitalism transformed these elements, shifting labor from artisanal crafts to factory wage work, land from communal ownership to private property, and money from a medium of exchange to capital for profit. The book extends Polanyi's vision to modern transformations, analyzing the impact of automation, Artificial Intelligence, and technological advancements on society. It examines the great changes in gender, sexuality, race, and religion, highlighting the ongoing evolution of social and cultural norms. Additionally, the book analyzes the complex relationship between free market capitalism and democracy, offering insights into the balance of power and the future of democratic governance in a rapidly changing world. This book critically analyzes the forces shaping contemporary society. It will appeal to students, scholars, and researchers in political science, economics, and the social sciences interested in a better understanding of the great global transformation.

Intelligent Safety Hari Ravichandran, 2023-04-18 Turn the tables on cybercriminals. Keep your loved ones safe. We live much of our personal and professional lives online, but fraudsters and hackers have made the internet dangerous. Cyberattacks are the US's fastest growing crime. Consumers lost more than \$6.9 billion to fraud in 2021, up more than 50% from 2020. Financial losses from online theft surpassed losses from home theft. 1 in 10 people become identity theft victims annually, including more than 1 million children. So how do we keep our kids, parents, colleagues, and selves safe against organized cybercriminals with their increasingly advanced tools? *Intelligent Safety: How to Protect Your Connected Family from Big Cybercrime* teaches how we can put our families' online safety on autopilot and regain our peace of mind. It provides families with the tools and knowledge they need to create a personalized, proactive defense against cybercriminals. From identifying the risks of your teen's secret online life to safeguarding your family finances to defending the vulnerabilities of your aging parents, *Intelligent Safety* is the last guide you'll need to beat cyber predators at their own game.

Information Technology for Management Efraim Turban, Carol Pollard, Gregory Wood, 2021-04-06 *Information Technology for Management*, 12th Edition, provides students with a comprehensive understanding of the latest technological developments in IT and the critical drivers of business performance, growth, and sustainability. Integrating feedback from IT managers and practitioners from top-level organizations worldwide, the newest edition of this well-regarded textbook features thoroughly revised content throughout to present students with a realistic, up-to-date view of IT management in the current business environment. The text offers a flexible, student-friendly presentation of the material through a pedagogy designed to help students with different learning styles easily comprehend and retain information. This blended learning approach combines visual, textual, and interactive content featuring numerous real-world case studies of how businesses use IT to increase efficiency and productivity, strengthen collaboration and communication, and maximize their competitive advantage. Students learn how IT is leveraged to reshape enterprises, engage, and retain
