### Explained by French

If you have a child in every stage now, they will be learning how to read during their phonics lessons at school. Learning to read needs to be an easy skill. Actually understanding what they have read and being able to talk about it is another skill you child will be working on.

Using digital devices, you can choose all the fun you still have to have and still have time to do the other activities. You can still go out of your way to do the things you enjoy, but you can do them in a different way. You can still go to the beach, but you can do it in a different way. You can still go to the park, but you can do it in a different way.

There are many ways to do this, but one is to self-examine the other person's behavior, you can begin this process by asking, what else has the person done that others consider taking into account for the person's original behavior. If the behavior is a result of another person's behavior, the person is not at fault.
