Diverse Leadership Perspectives in Education: From K-12 to Higher Education Soles, Brooke, Meyerott, Theresa, 2025-05-22 Diverse leadership in education is crucial for fostering inclusive and equitable learning environments across all levels of the education system. From K-12 schools to higher education institutions, leadership plays a pivotal role in shaping policies, curriculum, and school culture. Embracing diversity in leadership enhances the overall educational experience by ensuring that all voices are heard and valued, and it allows underdeveloped voices to be heard. Allowing diverse voices in leadership is essential for addressing systemic inequalities while also promoting innovation and preparing students for a globalized world where diverse perspectives are key to success. Exploring diverse leadership across educational levels provides insight into how these varied perspectives can positively impact both institutional practices and student outcomes. **Diverse Leadership Perspectives in Education: From K-12 to Higher Education** provides an overview of leadership's evolving purpose and scope, containing research, practical strategies, and examples of complex problems in the educational system and how having a diverse voice in leadership can help solve these problems. It explores the assets of diversity, multiple perspectives, and the role of students in the educational landscape. This book covers topics such as educational technology, gender and diversity, and information science, and is a useful resource for educators, sociologists, academicians, and researchers.

An Intelligent Video Editing Automate Framework Using AI and Computer Vision Haolin Xie, Yu Sun, 2022 At present many video editing software have been created but what they all have in common is that they require manual work to edit And it takes a lot of time and the user needs to watch each frame before editing In this paper we have developed a program about AI

intelligence The most important point of this software is that it can automatically focus the face of a person and edit only selected clips of the person to make a complete video Users only need to prepare the video they want to edit and a photo of the main character Then upload both to the software and AI Intelligence will automatically edit it providing the user with a way to download and save it after editing the main character they need we applied our application to an example video using the Marvel character Hawkeye as he appears in End Game and tried many experiments with the clip eventually we tried many experiments with the clip and finally got a video of our selected character The results show that this software saves the user a lot of time and is highly efficient All operations are carried out by AI
