That research went from just looking at a few blog posts and Instagram accounts into a massive passion project. While I did start this as a blog post, The Ultimate Guide to Instagram, it continued to grow the more research I did. To date I have over 250 hours of research into Instagram. I found that none of the blog posts, books or reports I read had much outside of a few hacks or one specific thing. This frustrated me so I started to piece every piece of information I could find on Instagram together. After that blog post passed 6,000 words, I decided to finish it as a book so I can have all this information in one location that is easy for people to keep on hand. So follow along in this Instagram Guide and learn the basics and more. The following are some of the topics covered within the InstaGuide:
