Published annually by the Federal Government since 1878 The Statistical Abstract of the United States is the best known statistical reference publication in the country and perhaps the world You'll find it behind nearly every reference desk in U.S. libraries as the authoritative go-to source. Librarians value the Statistical Abstract as both an answer book and a guide to statistical sources. As a carefully selected collection of statistics on the social, political and economic conditions of the United States, it is a snapshot of America and its people. In the spring of 2011, the Census Bureau announced that the edition that year would be the last one produced at government expense. Despite protests from librarians and journalists and despite petitions to Congress, the Census Bureau unit that published the Statistical Abstract was eliminated in November. Its elimination resulted not from a decline in the popularity or perceived value of statistical compilations but from the need to reduce agency spending while supporting new and existing data collection efforts. ProQuest and Bernan have now taken on responsibility for updating and releasing this publication, the most used statistical reference tool in libraries. We bring to this task ProQuest's 35 years of experience acquiring, abstracting and indexing Federal Government statistical publications and tables and Bernan's 60 years of providing libraries with essential government publications and quality service. The Statistical Abstract print edition resembles the Census version that users know and love, plus more: with thousands of tables from hundreds of sources and valuable detailed bibliographic documentation. Updated introductory sections and back of the book index. 8 1/2 x 11 hardcover format to withstand heavy use. 25% larger type for easier reading.

Andrews, 2013-12-24 The intention of this book is to investigate the biblical chronology behind Jehovah's Witnesses most controversial doctrinal position that Jesus began to rule invisibly from heaven in October 1914 This biblical chronology of the Witnesses hinges upon their belief that the destruction of Jerusalem by the Babylonians which they say occurred in 607 B C E The Witnesses conclude that Chapter 4 of the book of Daniel prophesied a 2 520 year period that began in 607 B C E and ended in 1914 C E They state Clearly the seven times and the appointed times of the nations refer to the same time period Lu 21 24 It is their position that When the Babylonians conquered Jerusalem the Davidic line of kings were interrupted God's throne was trampled on by the nations until 1914 at which time Jesus began to rule invisible from heaven In chapter 1 we will take their chronology from the back of their 1984 New World Translation Reference Bible We will take the points one by one seeing where they get things right and where the interpretation breaks down In chapter 2 we will take the time to talk about this craze of Christianity which has been also overly focusing on such terms as the end times or the last days While none of us can know the precise time of Jesus return how should we view the time that is remaining All of this and more will be discussed in chapter 2     *Research Guide for Jehovah's Witnesses-2013 Edition* Watchtower Bible and Tract Society of New York, Inc.
