Communications Like its founder they also use their media empire to influence public opinion Asper Nation explains why Canadians should be concerned about where the country s first family of news media is coming from politically Izzy Asper was an oddity as a Liberal politician in the 1970s Fiscally he was to the right of most Conservatives As a nationally syndicated newspaper columnist he called for a flat tax and workfare As a best selling author he helped thwart a plan to shift Canada s tax burden from the middle class onto corporations But when Asper took his policies to Manitobans as Liberal leader in 1973 he was soundly defeated Asper got into the television business instead and built Canada s third network Asper made CanWest the country s most profitable broadcaster by feasting on regulations that encouraged the importation of cheap American programming He took his formula to the world in the 1990s buying television networks in New Zealand Australia and Ireland Then in 2000 Asper pioneered media convergence buying Canada s largest newspaper chain from Conrad Black Southam dailies were soon ordered to run national editorials written at CanWest Global headquarters in Winnipeg This corporate news control brought protest from journalists and two government inquiries Neither resulted in long sought limits on media ownership however Marc Edge offers a compelling account of the political perils involved in
