*Cover Letters that Blow Doors Open* Anne McKinney, 1999

Designed as the comprehensive guide to cover letter preparation, the 272 page book shows examples of exciting and door-opening cover letters. The main section of the book shows cover letters by field and industry. For example, job hunters in the accounting field will find examples of cover letters used to blow doors open in the accounting, banking, and financial community. From aviation to computer operations to management to sales to transportation, cover letters tailored to specific fields are illustrated, which can be used as models or templates for those involved in a job hunt. But what if a job hunter is changing careers or doesn't need a cover letter targeting a specific field or functional area? There's a section showing examples of all-purpose cover letters, career-change cover letters, cover letters for entrepreneurs, and cover letters for those seeking their first job. For those seeking advice on how to respond to ads, how to handle questions about salary requirements, how to request consideration for multiple job openings in the organization, and how to write letters for special situations, there's a section entitled Sixteen Commonly Asked Questions About Cover Letters and Job Hunting.

**Get It Done: Write a Cover Letter** Jeremy Schifeling, 2018-09-25

Want to write the perfect cover letter? But don't have time to read through a 300-page book first? Then *Get It Done* is for you. Here's why: it's been a Kindle best-seller for six years in a row! 1. It's fast: The whole book takes about 30 minutes to read. 2. It's to the point: It breaks the cover letter down to 12 parts and gives you a precise template to complete for every single step. 3. It works: I developed this system while serving as a Recruiter for Teach For America. I've since taught it to MBAs as a Career Coach at the University of Michigan, leading to job offers from Apple, GE, Microsoft, Amazon, LinkedIn, and Google. And the system has even been featured in U.S. News! I was just another piece of paper in the deck. Jeremy's beneficial insight to the cover letter was against my traditional understanding. His direct nature and step-by-step guidance proved to be beneficial in my search. I was able to go through the book and develop a brand new cover letter from scratch in less than an hour. Given
