

# The First New Deal (1933-1935)

Inauguration of FDR -  
March 4, 1933

When Franklin D. Roosevelt (FDR) became president in March 1933, the Great Depression had devastated America. Banks had failed, farms and businesses were collapsing, and unemployment was at record highs. Roosevelt quickly launched the First New Deal, a series of government programs designed to provide relief, recovery, and reform.

The First New Deal included bold laws, new government agencies, and a new role for the federal government in American life.

## The Hundred Days (March-June 1933)

In the first three months of FDR's presidency—known as the Hundred Days—Congress passed over 15 major laws to tackle the nation's emergencies. It was a whirlwind of action, covering banking, farming, industry, and unemployment. Never before had the U.S. government moved so quickly to change so much.

### Bank Holiday and Emergency Banking Relief Act

One of FDR's first actions was declaring a Bank Holiday on March 6, 1933. He ordered all banks to temporarily close to stop people from panicking and pulling out their money.

While the banks were shut down, Congress passed the Emergency Banking Relief Act on March 9, 1933. This law allowed the government to inspect all banks and only allow the strong ones to reopen. Thanks to this inspection system, public trust in banks slowly began to return.

### Fireside Chats

To explain these bold actions, FDR started speaking directly to the American people through radio broadcasts called Fireside Chats. His first chat, on March 12, 1933, calmly

## Google Drive Deal

**Genealogy** Katherine Pennavaria,2015-04-08

Commercials for the largest subscription database indicate that the process of genealogy is simple you just plug in what you know and the database does the rest Those ads might sell subscriptions but they are misleading

Getting beyond that low hanging fruit is not so easy collecting the records and data needed to delineate a family tree accurately requires time organization and informed searching Records are available from many places and finding them is never a one stop shopping experience So how does the new researcher identify which resources meet his or her specific research needs And how can libraries and librarians best help this new generation of genealogists **Genealogy A Practical Guide for Librarians** offers help on several levels First librarians can use this book to learn what resources both print and online their library should offer their patron base This means not only what monographs to purchase and subscription databases to maintain but what websites to highlight at the library's webpage what to include in their online tutorials what adult education programming is appropriate Critical assessments of print and online resources are given including the strengths and weaknesses that librarians need to help patrons understand them Second both librarians and researchers can find here an in depth discussion of the research process itself including the best steps for a beginning researcher and search strategies for the experienced one And third anyone can use this book to become better informed about the phenomenon of genealogy itself and about the latest standards for online searching and research The book includes practical advice for every public service librarian and offers all researchers from novice level to experienced a clearly delineated context for the popular subject of family history research
