Psychiatric and Mental Health Nursing for Canadian Practice Wendy Austin, Mary Ann Boyd, 2010-01-01 Rev ed of Psychiatric nursing for Canadian practice Wendy Austin Mary Ann Boyd *Canada's Drug Strategy* Canada. Office of Alcohol, Drugs and Dependency Issues, Canada. Interdepartmental Working Group on Substance Abuse, 1998 This document attempts to present an overview of Canada's current strategy regarding substance abuse issues. The strategy reflects a balance between reducing the supply of drugs and reducing the demand for drugs. Substances involved include alcohol medications both prescription and non prescription illicit drugs inhalants and banned and restricted performance enhancing drugs as defined by the International Olympic Committee. The document first outlines the basic principles of the strategy and its goals and objectives primarily health related. It then describes the components of the strategy's framework research knowledge development and dissemination prevention programs treatment and rehabilitation legislation and enforcement control national co ordination international co operation and reviews future directions and priorities. Appendices include a historical context and a review of the current situation regarding substance use and abuse in Canada

[Physical Examination and Health Assessment - Canadian E-Book](#) Carolyn Jarvis, 2018-10-23 Get a clear logical and holistic approach to physical examination and health assessment across the lifespan. Using easy to follow language, detailed illustrations, summary checklists and new learning resources. *Physical Examination and Health Assessment* 3rd Canadian Edition is the gold standard in physical examination textbooks. This new edition reflects the latest in what is happening in nursing today with coverage of emerging trends, examples of how to document patient assessments using the Electronic Health Record and new evidence informed content throughout. It's easy to see why this text is 1 with Canadian nursing students. A two column format distinguishes normal findings from abnormal findings and uses colour step by step photos to clarify examination techniques and expected findings. Sectional colour bars segment body systems according to content. Structure and Function, Subjective Data, Objective Data, Documentation and Critical Thinking. Abnormal Findings Summary checklists offer reviews of key examination steps. Documentation and Critical Thinking sections provide real world clinical examples of specific patients and how to document assessment findings. Abnormal findings tables help you recognize, sort and describe abnormalities. Separate chapter on Pregnancy provides a thorough foundation for assessing the pregnant patient. Developmental Considerations sections highlight content specific to infants, children, adolescents, pregnant women and older adults. Promoting Health boxes focus on this key aspect of Canadian health care. NEW Content covering the Electronic Health Record charting and narrative recording provides examples of how to document assessment findings. UPDATED Case Studies provide you with opportunities to test and develop your analytical skills and apply what you've learned.

learned NEW Approximately 150 normal and abnormal examination photos for the nose mouth throat thorax and pediatric assessment gives you a fresh perspective on these key system examinations with cultural diversity and developmental variations NEW Social determinants of health considerations cover the shifting landscape of Canada's populations with strategies for integrating social economic and ethnocultural diversity into your health assessments NEW Assessment strategies relevant to Indigenous populations harm reduction nutrition and transgender persons inform practitioners on respectful complete care **Current Issues in Mental Health in Canada**, 2014 Furthermore the early onset of substance use can affect the development of the brain creating the risk for increased use and addiction later in life The increasing rate of prescription drug abuse which rose from 3.2% in 2011 to 6.5% in 2012 may be attributed to the increased availability of such drugs as a result of their wider use in the treatment of chronic pain the development of new slow release formulations and the public perception that they are 40% safer than illicit drugs Launched in 2011 the Framework is intended to guide changes to the NNADAP NYSAP programs in order to better address key emerging substance use issues facing First Nations and Inuit communities including the need for better coordination of services and supports across jurisdictions the emergence of prescription drug abuse and the unique treatment needs of certain populations e.g. youth The Framework articulates a vision for the renewal of the NNADAP NYSAP system as a comprehensive continuum of services and supports that recognizes the connection between mental health and addiction issues Both legal and illegal psychoactive substances will continue to pose challenges to policy makers as they seek to find a balance between the medical benefits of these substances and their potential harms as reflected in the cases of both medical marijuana and the rise of prescription drug abuse in Canada
