Women In Chinas Long Twentieth Century Global Area And International Archive:

Women in China's Long Twentieth Century Gail Hershatler, 2007-03-29 An important and much needed introduction to this rich and fast growing field Hershatler has handled a daunting task with aplomb Susan L. Glosser author of *Chinese Visions of Family and State* 1915 1953

Gender and Sexuality in Modern Chinese History Susan L. Mann, 2011-09-19 Gender and sexuality have been neglected topics in the history of Chinese civilization despite the fact that there is a massive amount of historical evidence on the subject China's late imperial government was arguably more concerned about gender and sexuality among its subjects than any other pre modern state How did these and other late imperial legacies shape twentieth century notions of gender and sexuality in modern China Susan Mann answers this by focusing on state policy ideas about the physical body and notions of sexuality and difference in China's recent history from medicine to the theater to the gay bars from law to art and sports More broadly the book shows how changes in attitudes toward sex and gender in China during the twentieth century have cast a new light on the process of becoming modern while simultaneously challenging the universalizing assumptions of Western modernity

Everyday Masculinities in 21st-Century China Magdalena Wong, 2020-05-04 *Everyday Masculinities in 21st Century China* The Making of Able Responsible Men argues that a moral dimension in Chinese masculinity is of growing significance in fast changing China Able responsible men those who can create wealth and shoulder responsibilities have replaced the moneyed elite of the earlier reform and opening up era as the dominant male ideal With vivid and highly readable case studies Wong presents a compelling account of the forces that coerce men to live up to the able responsible standard She demonstrates the impact this pressure has on the lives of not only boys and men but also on women and shows how it invites both complicit and resistant reactions The book lays bare the socio political context that nurtures the cultural expressions of hegemonic masculinity under the rule of Xi Jinping The president himself has emerged in public consciousness as the embodiment of the ideal able responsible man Based on anthropological fieldwork in Nanchong Sichuan the book provides new perspectives on many topical issues that China faces These include urbanization labour migration the one child policy love and marriage gender and intergenerational dynamics hierarchical male relationships and the rise of mass displays of nationalism In this richly informative book Dr Wong gives us an intimate picture of masculinities in a contemporary Chinese city She explores the role of wealth in definitions of masculinity the moral dimension in gender imagery the changing desires of women and the role of the state including a striking account of the gender strategies of President Xi More than a local study this book provides valuable ideas for understanding gender men and masculinities in the contemporary world Raewyn Connell University of Sydney Magdalena Wong asks wonderful original questions Her study might be one of the most pioneering investigations into Chinese family relations I have read The strength of her book lies in its insight into kinship and cultural continuities and changes The rich nuanced case studies can make her book become an important addition to our ongoing studies on Chinese family William Jankowiak University of

Question: Men, Women, and Writing in China's Early Periodical Press Yun Zhang, 2020-08-31 In *Engendering the Woman* Question Zhang Yun adopts a new approach to examining the early Chinese women's periodical press. Rather than seeing this new print and publishing genre as a gendered site coded as either feminine or masculine, this book approaches it as a mixed gender public space where both men and women were intellectually active and involved in dynamic interactions to determine the contours of their discursive encounters. Drawing upon a variety of novel textual modes such as polemical essays, historical biography, public speech, and expository essays, this book opens a window onto men's and women's gender-specific approaches to a series of prominent topics central to the Chinese woman question in the early twentieth century.

Discourses of Weakness in Modern China Iwo Amelung, 2020-06-24 Die Vorstellung China sei ein schwacher Staat der in einer zunehmend darwinistisch konzipierten Welt nicht konkurrenzfähig sei beherrschte vom Ende des 19. Jahrhunderts besonders seit dem verlorenen Krieg gegen Japan 1894/95 bis in die 1930er Jahre den politischen Diskurs in China selbst wie auch in anderen Ländern der Welt. Der Band zeichnet diese Untergangsgeschichte des kranken Mannes Asiens nach und hilft somit das Selbstverständnis und die Identität des heutigen China zu verstehen.
