**Women's Work, Men's Work** National Research Council, Division of Behavioral and Social Sciences and Education, Commission on Behavioral and Social Sciences and Education, 1986-02-01 Even though women have made substantial progress in a number of formerly male occupations sex segregation in the workplace remains a fact of life. This volume probes pertinent questions: Why has the overall degree of sex segregation remained stable in this century? What informal barriers keep it in place? How do socialization and educational practices affect career choices and hiring patterns? How do family responsibilities affect women's work attitudes? And how effective is legislation in lessening the gap between the sexes? Amply supplemented with tables, figures and insightful examination of trends and research, this volume is a definitive source for what is known today about sex segregation on the job. *Doing "Women's Work"* Christine L. Williams, 1993-08-19 This book summarizes the state of our knowledge on the effects of men in women's professions: effects on the men on their views of masculinity on the occupations and on the women they work with. Do men get preferential treatment in these positions? Do they receive higher salaries? Or are they treated the same as their women colleagues? Through a series of statistical and demographic analyses as well as case studies of men in professions such as teaching, secretarial work, care giving and stripping, the contributors give a glimpse of the role of these men in bolstering or undermining the gendered assumptions of occupational sex segregation in the workplace. *Encyclopedia of Women and Gender, Two-Volume Set* Judith Worell, 2001-09-13 Covers the psychology of women, the psychology of men and gender differences while discussing psychological differences in personality, cognition and behavior as well as biologically based differences and how those differences impact behavior. *Training and Employment Report of the Secretary of Labor* United States. Dept. of Labor, 1988. *Encyclopedia of Women and Gender*, *Gender at Work* Ruth Milkman, 1987 By analyzing the process of work in both the electrical and the automobile industries, the supplies of male and female labor available to each, the varying degrees of labor intensive work, the proportion of labor costs to total costs and the extent of male resistance to female entry into the industry before, during and after the war, Milkman offers a historically grounded and detailed examination of the evolution, function and reproduction of job segregation by sex. *Grace Palladino Journal of American History*, *Gender Inequality at Work* Jerry A. Jacobs, 1995 Comprises 14 papers on earnings inequality between men and women, earnings among women managers, career processes and trends and occupational resegregation. Includes papers on women's increasing presence in academic sociology, computer work and public school teaching. *British Journal of Medical Psychology*, 1927 Includes papers read before the Medical Section of the British Psychological Society. **Collected Papers**, 1928. **Feminist Frontiers** Laurel Richardson, Verta A. of women's issues and experiences exploring their similarities as well as their differences Feminist Frontiers offers analyses of the causes and consequences of gender inequality and introduces students to feminist theory and methodology A sociological analysis opens each of the four parts and eleven sections of the book Boxed inserts with news articles humor and other writings from the popular press complement the readings
