Word By Word Emancipation And The Act Of Writing:

Word by Word Christopher Hager, 2013-02-11 One of the cruelest abuses of slavery in America was that slaves were forbidden to read and write. Consigned to illiteracy, they left no records of their thoughts and feelings apart from the few exceptional narratives of Frederick Douglass and others who escaped to the North or so we have long believed. But as Christopher Hager reveals, a few enslaved African Americans managed to become literate in spite of all prohibitions and during the halting years of emancipation thousands more seized the chance to learn. The letters and diaries of these novice writers, unpolished and hesitant yet rich with voice, show ordinary black men and women across the South using pen and paper to make sense of their experiences. Through an unprecedented gathering of these forgotten writings—from letters by individuals sold away from their families to petitions from freedmen in the army to their new leaders to a New Orleans man's transcription of the Constitution—*Word by Word* rewrites the history of emancipation. The idiosyncrasies of these untutored authors, Hager argues, reveal the enormous difficulty of straddling the border between slave and free. These unusual texts, composed by people with a unique perspective on the written word, force us to rethink the relationship between literacy and freedom. For African Americans at the end of slavery, learning to write could be liberating and empowering, but putting their hard-won skill to use often proved arduous and daunting, a portent of the tenuousness of the freedom to come. **Journal of the Civil War Era** William A. Warren Lincoln's Body: The President in Popular Films of the Sesquicentennial Notes on Contributors *The Brink of Freedom* David Kazanjian, 2016-05-19 In *The Brink of Freedom*, David Kazanjian revises nineteenth-century conceptions of freedom by examining the ways black settler colonists in Liberia and Mayan rebels in Yucatán imagined how to live freely. Focusing on colonial and early national Liberia and the Caste War of Yucatán, Kazanjian interprets letters from black settlers in apposition to letters and literature from Mayan rebels and their Creole antagonists. He reads these overlooked multilingual archives not for their descriptive content but for how they unsettle and recast liberal forms of freedom within global systems of racial capitalism. By juxtaposing two unheralded and seemingly unrelated Atlantic histories, Kazanjian finds remarkably fresh, nuanced, and worldly conceptions of freedom thriving amidst the archived everyday. *The Brink of Freedom's* speculative quotidian globalities ultimately ask us to improvise radical ways of living in the world. A Great Sacrifice James G. Mendez, 2019-02-05 Offers readers new insight into the lives of African American men and women from the North in the era of the Civil War. Liz Regosin, Charles A. Dana Professor of History, St. Lawrence University. *A Great Sacrifice* is an in-depth analysis of the effects of the Civil War on northern black families.

carried out using letters from northern black women mothers wives sisters and female family friends addressed to a number of Union military officials Collectively the letters give a voice to the black family members left on the northern homefront Through their explanations and requests readers obtain a greater apprehension of the struggles African American families faced during the war and their conditions as the war progressed The original letters that were received by government agencies as well as many of the copies of the letters sent in response are held by the National Archives in Washington D C This study is unique because it examines the effects of the war specifically on northern black families Most other studies on African Americans during the Civil War focused almost exclusively on the soldiers In this deeply researched and revealing book James G Mendez seeks to recover the experience of northern black soldiers and their families during the Civil War era in order to discover the ways they engaged the governments of their day both to recognize and respect their service and sacrifice during the war and to count the costs northern blacks paid out in impoverished families wartime casualties and unfulfilled promises Mendez s book deserves our attention and appreciation *American Historical Review* *Writing for Justice* El na Mortara,2015-10-22 In *Writing for Justice* El na Mortara presents a richly layered study of the cultural and intellectual atmosphere of mid nineteenth century Europe and the United States through close readings of the life and work of Victor Séjour an expat American Creole from New Orleans living in Paris In addition to writing *The Mulatto* an early story on slavery in Saint Domingue Séjour penned *La Tireuse de cartes* *The Fortune Teller* 1859 a popular play based on the famed Mortara case In this historical incident Pope Pius IX kidnapped Edgardo Mortara the child of a Jewish family living in the Papal States The details of the play s production and its reception on both sides of the Atlantic are intertwined with the events of the Italian Risorgimento and of pre Civil War America *Writing for Justice* is full of surprising encounters with French and American writers and historical figures including Hugo Hawthorne Twain Napoleon III Garibaldi and Lincoln As El na Mortara passionately argues the enormous amount of public attention received by the case reveals an era of underappreciated transatlantic intellectual exchange in which an African American writer used notions of emancipation in religious as well as racial terms linking the plight of blacks in America to that of Jews in Europe and to the larger battles for freedom and nationhood advancing across the continent This book will appeal both to general readers and to scholars including historians literary critics and specialists in African American studies Jewish Catholic or religious studies multilingual American literature francophone literature theatrical life nineteenth century European politics and cross cultural encounters
