Hundreds Matthew Brinkley, 2025-06-18 Love and longing Freedom and loss Faith and its absence Heartbreak death creation sacrifice In this collection of precisely crafted microfiction and poetry every word carries weight From a millennia long battle between shapeshifting foes to a desperate message scrawled onto a church wall from celestial beings quoting Thomas Hardy to quiet hopes of down and out pub goers a vengeful bootlegger a grieving parent spilled funnel cake and reignited stars these 100 pieces explore the raw edges of human experience Each story and poem exactly 100 words is a fleeting moment some tender some brutal some surreal some joyful some melancholic some nonsensical some shy some cosmic A mosaic of voices genres and emotions this book hopes to prove that brevity can be just as powerful as the longest tale *Unsaid Words* Ilyas Khatri, 2017-03-04 Hey Let me thank you for investing your time to read this To give you an idea about this book let me start with this word called Thought Yes you read it right this book is a collection of my thoughts about life nature world people family friends etc And to keep it up with passionate readers like you I put them into a form and that form is poetry To go ahead the first and last few poems are very close to my heart by every inch because these few poems are

heartbreaking one hundred breaths isn't so much a body of writing as a soul captured on paper one hundred breaths features hand inked art by Ruby Lilith Just Words: Loosely Strung Gloria MacKay, 2018-11-19 Words are like people even when you think you know them they show up filled with surprises And just like people some words linger on while others come and go without asking I love to watch words march across the page like little black ants I love to walk into a room where sentences swirl like spaghetti and when a new word bounces off me like a rock on a windshield I hurry to look it up before it disappears Just as I have been told a person can't be too rich or too thin I figure it is not possible for anyone to have too many words The more words we know the more clearly we speak the more clearly we speak the better we understand each other What could simpler than that I like haiku short stories poems that fit on page uncluttered paintings and little black dresses with pearls As for our language still growing faster than a downhill snowball is it possible we are biting off more words than we can chew Gloria MacKay from Foreword to the book Cryptic Words Srika, 2023-10-09 Cryptic Words is a poetry collection that addresses the gap between words and the emotions they are supposed to convey From Apple Straws which dares you to a game that you can win only once in a lifetime and Shackles and Chains which tells the tale of a being that is scared to begin existing to Malar ing which is written from the point of view of an imaginary friend the collection boasts a wide range of poems each with a unique and distinctive story Cryptic Words was written with fiercely unbridled honesty so that the poet's true emotions could reach the reader even though they're conveyed through those very cryptic words
