**Women in the Mosque** Marion Katz, 2014-09-23 Juxtaposing Muslim scholars debates over women s attendance in mosques with historical descriptions of women s activities within Middle Eastern and North African mosques this study shows how over the centuries legal scholars arguments have often reacted to rather than dictated Muslim women s behavior Tracing Sunni legal positions on women in mosques from the second century of the Islamic calendar to the modern period this volume connects shifts in scholarly terminology and argumentation to changing constructions of gender Over time assumptions about women s changing behavioral norms over different stages of the lifecycle gave way to a global preoccupation with sexual temptation which then became the central rationale for limits on women s mosque access At the same time travel narratives biographical dictionaries and religious polemics document patterns suggesting that women s usage of mosque space often diverged in both timing and content from the ritual models constructed by scholars This book demonstrates both the concrete social and political implications of Islamic legal discourse and the autonomy of women s mosque based activities It also examines women s mosque access as a trope in Western travelers narratives and the evolving significance of women s mosque attendance among different Islamic currents in the twentieth century *WOMAN IN THE MOSQUE* KATZ MARION, 2015-04-30

**Twenty-first Century** Léon Buskens, Annemarie Sandwijk, 2025-10-01 In recent decades traditional methods of philology and intellectual history applied to the study of Islam and Muslim societies have been met with considerable criticism from rising generations of scholars who have turned to the social sciences most notably anthropology and social history for guidance This change has been accompanied by the rise of new fields studying for example Islam in Europe and Africa and new topics such as the role of gender This collection surveys these transformations and others taking stock of the field and showing new paths forward

**Divine Words, Female Voices** Jerusha Tanner Lamptey, 2018-08-10 The relationship between Islam and feminism is complex There are many Muslim scholars who fervently promote women's equality At the same time there is ambivalence regarding the general norms terminology and approaches of feminism and feminist theology This ambivalence is in large part a product of various hegemonic androcentric and patriarchal discourses that seek to dictate legitimate and authoritative interpretations These discourses not only fuel ambivalence they also effectively obscure valuable possibilities related to interreligious feminist engagement *Divine Words Female Voices* is the follow up to Jerusha Lamptey's 2014 book *Never Wholly Other* in which she introduced the idea of Muslima theology and applied it to the topic of religious diversity In this new book she extends her earlier arguments to contend that interreligious feminist engagement is both a theologically valid endeavor and a vital resource for Muslim women scholars She introduces comparative feminist theology as a method for overcoming challenges associated with interreligious feminist engagement reorients comparative discussions to focus on the two Divine Words the Qur'an and Jesus and feminist theology and uses this reorientation to examine intersections discontinuities and insights related to diverse theological topics This book is distinctive in its responsiveness to calls for new approaches in Islamic feminist theology its use of the method of comparative theology its focus on Muslim and Christian feminist theology in comparative analysis and its constructive articulation of Muslima theological perspectives

**Wives and Work** Marion Holmes Katz, 2022-10-25 It is widely held today that classical Islamic law frees wives from any obligation to do housework Wives' purported exemption from domestic labor became a talking point among Muslims responding to Orientalist stereotypes of the oppressed Muslim

woman by the late nineteenth century and it has been a prominent motif in writings by Muslim feminists in the United States since the 1980s In *Wives and Work* Marion Holmes Katz offers a new account of debates on wives domestic labor that recasts the historical relationship between Islamic law and ethics She reconstructs a complex discussion among Sunni legal scholars of the ninth to fourteenth centuries CE and examines its wide ranging implications As early as the ninth century the prevalent doctrine that wives had no legal duty to do housework stood in conflict with what most scholars understood to be morally and religiously right Scholars efforts to resolve this tension ranged widely from drawing a clear distinction between legal claims and ethical ideals to seeking a synthesis of the two Katz positions legal discussion within a larger landscape of Islamic normative discourse emphasizing how legal models diverge from but can sometimes be informed by philosophical ethics Through the lens of wives domestic labor this book sheds new light on notions of family labor and gendered personhood as well as the interplay between legal and ethical doctrines in Islamic thought

**The Encyclopaedia of Islām**, 1913 Library Magazine of American and Foreign Thought, 1885 *Literary Digest: a Repository of Contemporaneous Thought and Research as Presented in the Periodical Literature of the World* Edward Jewitt Wheeler, Isaac Kaufman Funk, William Seaver Woods, 1902 *The First Muslims* Asma Afsaruddin, 2008 The First Muslims reconstructs the first century of Islam to offer a fascinating exploration of the origins and development of the religion Using a wealth of classical Arabic sources it chronicles the lives of the Prophet Muhammad his Companions and the subsequent two generations of Muslims together known as the Pious Forbears Focusing on both the people and their beliefs Afsaruddin presents a critical examination of the continuing influence of these first Muslims in contemporary times as figureheads for a variety of causes from liberal Islam to hard line fundamentalism Essential reading for anyone interested in the earliest history of Islam and its impact on Muslims today this important book will captivate the general reader and student alike
