Women In The Kibbutz:

Gender and culture Melford Elliot Spiro, 1980 **Women in the Kibbutz** Lionel Tiger, Joseph Shepher, 1975 Our data show that although some 10 to 15 per cent of the women in the kibbutz express dissatisfaction with their sociosexual roles the overwhelming majority not only accept their situations but have sought them They have acted against the principles of their socialization and ideology against the wishes of the men of their communities against the economic interest of the kibbutzim in order to be able to devote more time and energy to private maternal activities rather than to economic and political public ones Obviously these women have minds of their own despite obstacles they are trying to accomplish what women elsewhere have been periodically urged to reject by critics of traditional female roles from the book Gender & Culture Melford E. Spiro, 1979 Based on a study of the Israeli kibbutz movement Gender and Culture discusses the differences in male and female orientations to marriage the family and work Spiro describes the counterrevolution in the kibbutz movement as it evolved over a quarter century period The kibbutz Spiro first studied Kiryat Yedidim was thirty years old at the time and he returned there twenty five years later Spiro initially found that the pioneers of the kibbutz movement in their attempt to implement their vision of a society based on sexual equality had created a revolution in the character of marriage the structure of the family patterns of child rearing and the sexual division of labor The counterrevolution he found twenty five years later was no less fascinating a return to certain important features of the prerevolutionary forms of these social institutions This return to tradition has been the work primarily of the young women who born and raised in the kibbutz had been inculcated with the revolutionary ideology of the kibbutz pioneers Studying the same community after a twenty five year interval enables readers to observe the children of the first study as adults in the follow up study This longitudinal dimension provides the most important basis for the interpretations offered in Gender and Culture A new introduction discusses additional even more radical changes that have occurred since the book s original publication in 1979 situating the kibbutz experience in the context of contemporary gender studies and feminist thought The book will be of continuing importance for sociologists anthropologists psychologists and women s studies scholars **Women in the Kibbutz** Lionel Tiger, Joseph Shepher, 1975 **The Role of Women in a Kibbutz** Selma Koss Brandow, 1974* **Women in the Kibbutz Movement** Alison M. Bowes, 1978 Mothers and Daughters Aviva Zamir, 1986 **Jewish Women's History from Antiquity to the Present** Rebecca Lynn Winer, Federica Francesconi, 2021-11-02 This publication is significant within the field of Jewish studies and beyond the essays include comparative material and have the potential to reach scholarly audiences in many related fields but are written to be accessible to all with the introductions in every chapter aimed at orienting the enthusiast from outside academia to each time and place Women in the Kibbutz Menahem Rosner, 1967 **Women in Israel** Yael Atzmon, Dafna N. Izraeli, 1993-01-01 This series of the Israel Sociological Association whose object is to identify and clarify the major themes that occupy social research in Israel today gathers together the best

of Israeli social science investigation that was previously scattered in a wide variety of international journals Volume VI presents a composite portrait of women's lives in Israel analyzing their status in the family at work in the military and in political life The editors start from the premise that Israel is simultaneously a modern industrial society and a traditional one with regard to the structure and centrality of family life It is governed by both secular law based on the principle of equality between men and women and religious law that imposes a different legal status between the sexes Many of the contributors analyze the social contradictions of this paradox and how they shape women's options and experiences This is the first compendium offering a comprehensive account of women in Israeli society As such it should be of great interest to people in women's studies sociology and Middle Eastern affairs Contents partial Economic Growth and Female Labour The Case of Israel Gender Ethnicity and Income Inequality The Israeli Experience The Status of Women in Academia Scientists in Organizations Discrimination Processes in an Internal Labor Market Economic and Familial Roles of Women in Israel Is Resource Theory Equally Applicable to Wives and Husbands The Social Status of War Widows Getting Powerful with Age Changes in Women over the Life Cycle Family Gender and Attitudes toward Retirement Ritual Morality and Gender The Religious Lives of Oriental Jewish Women in Jerusalem Women in Legislatures Israel in a Comparative Perspective Women and Politics The Case of Israel Abortion in Israel Social Demand and Political Responses Role System under Stress Sex Roles in War Relative Deprivation in the Labor Market Women and Language in Israel Teachers Selections of Boys and Girls as Prominent Pupils Theories of Gender Equality Lessons from the Israeli Kibbutz Ethnic Identity and the Position of Women among Arabs in an Israeli Town

Women in the Kibbutz Lois Graeff, 1975 *Gender and Culture*, Based on a study of the Israeli kibbutz movement *Gender and Culture* discusses the differences in male and female orientations to marriage the family and work Spiro describes the counterrevolution in the kibbutz movement as it evolved over a quarter century period He addresses questions concerning the perennial issue of the universal and the particular in female and male psychology A special feature of this book is its historical and anthropological approach Studying the same community after a twenty five year interval enables readers to observe the children of the first study as adults in the follow up study Melford E Spiro is the author

Women in the Kibbutz Lionel Tiger, 1975 *The Metamorphosis of the Kibbutz*, 2020-11-04 This volume focuses on today's kibbutz and the metamorphosis which it has undergone Starting with theoretical considerations and clarifications it discusses the far reaching changes recently experienced by this setting It investigates how those changes reshaped it from a setting widely viewed as synonymous to utopia but which has gone in recent years through a genuine transformation This work questions the stability of that renewing kibbutz It consists of a collective effort of a group of specialized researchers who met for a one year seminar prolonged by research and writing work These scholars benefitted from resource field people who shared with them their knowledge in major aspects of the kibbutz transformation This volume throws a new light on developmental communalism and the transformation of gemeinschaft like communities to more gesellschaft like associations
