explores the feminist woman of color's identity and how it relates to mainstream culture and feminism. Featuring profiles of historical women of color including Hottentot Venus, Josefa Loaiza, and Anna Mae Pictou Aquash, a discussion of the arts and a vision for developing a feminist movement built on love and community healing. Rojas examines the intersectional nature of being a woman of color and a feminist. Covering a range of topics including sexuality, gender politics, violence, stereotypes, and reproductive rights, *Women of Color and Feminism* offers a far-reaching view of this multilayered identity. This powerful study strives to rewrite race and feminism, encouraging women to take back the body in a world of new activism. *Women of Color and Feminism* encourages a broad conversation about race, class, and gender and creates a discourse that brings together feminism and racial justice movements. *Black Women, Agency, and the New Black Feminism* Maria del Guadalupe Davidson, 2017-02-17 The powerful Beyoncé, formidable Rihanna, and the incalculable Nikki Minaj. Their images lead one to wonder: are they a new incarnation of black feminism and black women's agency, or are they only pure fantasy in which, instead of having agency, they are in fact the products of the forces of patriarchy and commercialism. More broadly, one can ask whether black women in general are only being led to believe that they have power but are really being drawn back into more complicated systems of exploitation and oppression. Or are black women subverting patriarchy by challenging notions of their subordinate and exploitable sexuality. In other words, who is playing who? *Black Women, Agency, and the New Black Feminism* identifies a generational divide between traditional black feminists and younger black women. While traditional black feminists may see, for example, sexualized images of black women negatively and as an impediment to progress, younger black women tend to embrace these new images and see them in a positive light. After carefully setting up this divide, this enlightening book will suggest that a more complex understanding of black feminist agency needs to be developed, one that is adapted to the complexities faced by the younger generation in today's world. Arguing the concept of agency as an important theme for black feminism, this innovative title will appeal to scholars, teachers, and students interested in black feminist and feminist philosophy, identity construction, subjectivity, and agency, race, gender, and class. **The Many Dimensions of Chinese Feminism** Y. Chen, 2011-05-23 In the current English language publication market, this book is one of the earliest academic monographs to comparatively investigate different feminist scholars and academic feminism across the Taiwan Strait. It problematizes recent scholarly understanding of feminist complexity in various Chinese-speaking areas. This book addresses sociocultural backgrounds of how Mainland Chinese, Taiwanese, and Hong Kong feminist scholars strategize their transfers, localization, and acculturation of Western feminist literary theories. It emphasizes how Chinese literary theorists filter, gate-keep, select, import, latest Western feminist theories, and then match them with local socio-cultural trends by exerting comparative research, cross-cultural, and cross-lingual academic power in order to tackle Mainland China's, Taiwan's, and Hong Kong's own gender problems. *Gendered Voices, Feminist Visions* Susan M.
