Maxwell , Written by Sapiens Editorial** Sapiens Editorial, 2018-06-15 ABOUT THE ORIGINAL BOOK The role of teams in the current business and technical environment has become more vital than ever before Individual efforts are still important but the relative complexity of technology and global markets has made teamwork paramount The roles of teams and multiple teams working together are a defining feature of successful modern ventures Individuals work has been minimized and the integration of people's skills abilities and competencies is an essential to achieve goals and maintain ongoing success Given this reality every leader of any organization has the difficult task of forming these successful teams and ensuring that they gel and develop This is a more complicated task than simply identifying good people who can work on their own The human condition is complex and many people do not show the open and collaborative attitudes necessary for a team to work so the intervention of the leader becomes more essential In this work John C Maxwell defines 17 laws that every leader should have in mind to form good teams He tried to demystify these tasks through his list and unravel what can be a daunting task This book is not only for the leaders but also for the team members no matter which organization they belong to Whether it is a business manager or an employee a coach or player a teacher or a student a child or a parent if you apply these laws and concepts the long term success of the organization team or business can be ensured With his characteristic style mixture of anecdotes life stories and advice the author has made The 17 unquestionable laws of teamwork a success in sales ABOUT

RULE #1 Teamwork Makes the Dream Work Expanded Edition Archie Jefferson, William Capers, 2018-12-31 Teammates share goals they also hold each other accountable while pursuing these goals and they Most importantly teams are characterized by synergy the combination of individual efforts to create a team effort that is greater than the sum of the individual efforts In a nutshell teams do things that groups can't Teams need to be built they are not automatically fully formed and functional out of the gate So how do you tell if your team is working the way it's supposed to You may instinctively feel that some element of teamwork is missing or sense that you could get even better team performance if you spent time on team working activities But rather than guessing you need to perform a structured team assessment to analyze identify and get to the bottom of issues A team assessment is an exercise that allows you to evaluate a team's strengths and weaknesses In the extended edition of Rule 1 Teamwork Makes The Dream Work we have included Bonus Chapter that will teach you how to create teams that are built to last the long haul Team Assessment to find out what type of team player you are In depth Study Guide for you and your team monitor their teammate stickability factor
