Redefining Liberal Arts Education in the Twenty-First Century Robert E. Luckett Jr.,2021-05-28 Contributions by William D Adams Sarah Archino Mario J Azevedo Katrina Byrd Rico D Chapman Helen O Chukwuma Monica Flippin Wynn Tatiana Glushko Eric J Griffin Kathi R Griffin Yumi Park Huntington Thomas M Kersen Robert E Luckett Jr Floyd W Martin Preselfannie W McDaniels Dawn Bishop McLin Lauren Ashlee Messina Byron D Andra Orey Kathy Root Pitts Candis Pizzetta Lawrence Sledge RaShell R Smith Spears Joseph Martin Stevenson Seretha D Williams and Karen C Wilson Stevenson

Redefining Liberal Arts Education in the Twenty First Century delves into the essential nature of the liberal arts in America today During a time when the STEM fields of science technology engineering and math dominate the narrative around the future of higher education the liberal arts remain vital but frequently dismissed academic pursuits While STEAM has emerged as a popular acronym the arts get added to the discussion in a way that is often rhetorical at best Written by scholars from a diversity of fields and institutions the essays in this collection legitimize the liberal arts and offer visions for the role of these disciplines in the modern world From the arts pedagogy and writing to social justice the digital humanities and the African American experience the essays that comprise Redefining Liberal Arts Education in the Twenty First Century bring attention to the vast array of ways in which the liberal arts continue to be fundamental parts of any education In an increasingly transactional environment in which students believe a degree must lead to a specific job and set income colleges and universities should take heed of the advice from these scholars The liberal arts do not lend themselves to the capacity to do a single job but to do any job The effective teaching of critical and analytical thinking writing and speaking creates educated citizens In a divisive twenty first century world such a citizenry holds the tools to maintain a free society redefining the liberal arts in a manner that may be key to the American republic

Secondary Data in Mixed Methods Research Daphne C. Watkins,2022-06-07 Secondary Data in Mixed Methods Research by Daphne C Watkins

the latest contribution to the Mixed Methods Research Series offers unique and necessary instruction in this growing topic. With the increasing amount of secondary data available through journals and repositories, researchers have a trove of sources for new investigations at their fingertips but few books to guide them. This brief text provides readers with a step-by-step procedure for incorporating secondary data into various mixed methods research designs as well as identifying key characteristics of existing datasets that make them good candidates for mixed methods projects and giving ideas for new uses of secondary data. Introductory chapters help the reader understand the what and why of secondary data. Subsequent chapters address the use of secondary data in convergent, exploratory, sequential, explanatory, sequential, and other complex research designs. The final chapters delve into writing and reporting on projects before, during, and after the project. Quotes throughout the chapter help readers remember key bits of knowledge while learning objectives and summaries in each chapter structure the reading experience. Application questions at the end of each chapter help readers recall information and apply it to their own research projects. By emphasizing how to use existing qualitative and quantitative datasets in mixed methods research, *Secondary Data in Mixed Methods Research* will help readers answer new and ongoing questions in social science research.
