Max Streaming Ai Overview 2025:

Personal Finance Blueprint: Budgeting, Saving, And Debt Freedom In One Year Barack A. Bender, What if your evenings and weekends could quietly build the life you've always wanted without risking the one you already have? Have you ever felt there's more you could be doing with your skills but didn't know where to start? Do you worry that side hustles are oversaturated, too risky, or only work for other people? What if one clear blueprint could show you how to turn what you already know into 10,000 a month, step by step? Side Hustle Revolution isn't another hype-filled promise or overnight success fantasy. It's a grounded, practical, and motivating roadmap written for real people with real jobs, real bills, and real dreams. Barack A. Bender takes you behind the scenes of how ordinary passions, skills, hobbies, experiences can be transformed into profitable, scalable side businesses. Through relatable stories, proven frameworks, and hard-earned lessons, this book shows you how others broke free from financial stress without quitting their day jobs and how you can too. You'll feel understood if you've ever: Wanted financial freedom but feared instability; Felt stuck trading time for money; Tried a side hustle before and failed; Believed success required luck, privilege, or massive capital. This book meets you where you are and walks with you forward. What This Book Helps You Achieve: Build a profitable side hustle around your existing passion or skill; Create consistent five-figure monthly income without burnout; Avoid common mistakes that cause most side hustles to fail; Learn how to attract customers, price confidently, and scale smartly; Design a business that gives you freedom, fulfillment, and control; Grow quietly and safely without risking your primary income. A Small Spoiler: But Not the Whole Secret. You'll discover why most people fail before they even start and how a simple mindset and execution shift can put you ahead of 90% of aspiring entrepreneurs. One chapter alone could save you years of trial and error. But What If I Don't Have Time, Money, or Experience? That's exactly who this book is for. No time? The blueprint is designed for busy schedules. No money? You'll learn how to start lean and grow sustainably. No experience? The process works even if you're starting from zero. This isn't theory. It's practical, tested, and realistic. Why This Book Matters: Because financial freedom shouldn't require burning out, quitting your job, or gambling your future. This book gives you clarity, confidence, and a proven path.

Personalization and Digital Social Markets Tahir M. Nisar, 2025-01-09 Tahir Nisar presents a cogent, compelling account of recent developments and disruptions within the digital economy and particularly within the industrial and service sectors. Through an original, overarching framework rooted in the concept of personalization and its antecedents, Nisar identifies radically new forms of relationships, both economic and social, among firms and customers. These new relationships are driving major changes in commercial and industrial firms' policies and practices and, in turn, in the entire market economy. E-commerce, trading, user-generated content, virtual communities, co-creation, influencer movements, FinTech, and sharing economies have strengthened the hands of consumers and have encouraged developments in cognitive technologies such as AI automation, which in turn create new ways of working and disruptions to traditional capital-labour relations. Ultimately, what emerges from this study is a picture of

how digital technologies unleash forces of change that are creating new forms of social and economic sharing arrangements and new forms of social organization For its empirical depth and and theoretical rigor this book is essential reading for researchers and students interested in emerging alternative forms of economics business and management and particularly those interested in the digital economy and the state and future of capitalist markets **Index to Scientific Reviews**
