Documentation for Rehabilitation - E-Book Lori Quinn, James Gordon, 2024-04-12 Better patient management starts with better documentation. Documentation for Rehabilitation 4th Edition demonstrates how to accurately document treatment progress and patient outcomes using a framework for clinical reasoning based on the International Classification for Functioning, Disability and Health ICF model adopted by the American Physical Therapy Association APTA. The documentation guidelines in this practical resource are easily adaptable to different practice settings and patient populations in physical therapy and physical therapy assisting. Realistic examples and practice exercises reinforce the understanding and application of concepts improving skills in both documentation and clinical reasoning. Workbook textbook format with examples and exercises in each chapter helps reinforce understanding of concepts. Coverage of practice settings includes documentation examples in acute care, rehabilitation, outpatient, home care, nursing homes, pediatrics, school and community settings. Case examples for a multitude of documentation types include initial evaluations, progress notes, daily notes, letters to insurance companies, Medicare documentation and documentation in specialized settings. NEW Movement Analysis Linking Activities and Impairments content addresses issues related to diagnosis. NEW An eBook version included with print purchase provides access to all the text, figures and references with the ability to search, customize content, make notes and highlights and have content read aloud. Updated case examples provide clinical context for patient documentation. Revised content including updated terminology from the latest updates to the Guide to Physical Therapist Practice provides the most current information needed to be an effective practitioner. Updated references ensure content is current and applicable for today's practice.

Documentation for Rehabilitation Lori Quinn, James Gordon, 2015-12-11 Better patient management starts with better documentation. Documentation for Rehabilitation A Guide to Clinical Decision Making in Physical Therapy 3rd Edition shows how to accurately document treatment progress and patient outcomes. Designed for use by rehabilitation professionals, documentation guidelines are easily adaptable to different practice settings and patient populations. Realistic examples and practice exercises reinforce concepts and encourage you to apply what you've learned. Written by expert physical therapy educators Lori Quinn and James Gordon, this book will improve your skills in both documentation and clinical reasoning. A practical framework shows how to organize and structure PT records making it easier to document functional outcomes in many practice settings and is based on the International Classification for Functioning, Disability and Health ICF model, the one adopted by the APTA. Coverage of practice settings includes documentation examples in acute care, rehabilitation, outpatient, home care and nursing homes as well as a separate chapter on documentation in pediatric settings. Guidelines to systematic documentation describe how to identify, record, measure and evaluate treatment and therapies especially important when insurance companies require evidence of functional progress in order to provide reimbursement. Workbook textbook format uses examples and exercises in each chapter to reinforce your understanding of concepts. NEW

Standardized Outcome Measures chapter leads to better care and patient management by helping you select the right outcome measures for use in evaluations re evaluations and discharge summaries UPDATED content is based on data from current research federal policies and APTA guidelines including incorporation of new terminology from the Guide to Physical Therapist 3 0 and ICD 10 coding EXPANDED number of case examples covers an even broader range of clinical practice areas
