Video As Method Understanding Qualitative Research:

Video as Method Anne M. Harris, 2016 Perhaps the greatest strength of choosing video as a method for social research is its flexible and almost limitless potential for gathering analyzing writing up and disseminating the research findings Understanding the rich potential of video as both method and methodology is a process inextricably linked to epistemological study design analysis and dissemination choices As technology and media have evolved video has become a primary tool of presenting information and ideas and a means of culture making Video as Method provides researchers with a guide to understanding designing conducting and disseminating video based research and the rapid proliferation of approaches uses and designs now available In the face of large data sets and the great range of types and uses of video as an effective research tool many researchers struggle to know how best to represent both video based methodologies and research findings Anne Harris provides in depth examples in each chapter and guides readers step by step through the chapter topics in a methodical fashion that mirrors the research journey
