*Reader Response in Secondary and College Classrooms* Nicholas J. Karolides, 2013-04-15 This text based on Louise M Rosenblatt's transactional model of literature focuses on the application of transactional reader response theory in the classroom. It grows from frequent requests from secondary school and college teachers for teaching suggestions on how to put theory into practice. This is not a "What should I do on Monday" cookbook but an expression of the practice of theory in college and secondary school classrooms. The chapters portray a spectrum of strategies including biopoems, expressive and imaginative writing, journal writing, readers theater, role playing, and unsent letters, using as examples individual works from several genres. Recognizing that teachers who may have been trained in other theories and methodologies may be hesitant about their quite different role and expectations in the reader-centered classroom, the authors provide stepping stones to develop readiness and confidence, suggestions and insights to ease the transition to the transactional model of teaching and learning. Pedagogical features: An explanatory introduction to each section defines its orientation and describes the content and direction of the chapters it contains. Invitations elicit engagement of readers with concepts, attitudes, or strategies presented in the chapters; they invite readers as individuals or members of a small group to consider ideas or to practice a strategy among other activities in order to enhance understandings. A glossary defines key concepts and strategies discussed in the text. A bibliography provides an extensive list of resources: books and journal articles, both theoretical and applied. New in the second edition: Six new chapters; three deal with the roles of film as literature in the English classroom and three with enhancing multicultural understandings. Updates and revisions to several chapters that appeared in the first edition. Invitations new in this edition have been added to focus and expand readers' thinking. [The Crucible - Literature Kit Gr. 9-12](#) Chad Ibbotson, 2016-12-14 Step back in time to 1692 in Salem, Massachusetts, and experience the corruption and ignorance of the Salem witch trials. Our resource is easily customizable, allowing educators to pick and choose elements to meet their needs. Focus on vocabulary comprehension by matching words from the text to their definitions. Test student understanding of the play by asking students to fill in the dialog with the missing words from the scene. Expand critical thinking skills with short-answer/opinion questions. Supplement an existing unit with in-depth writing tasks such as evaluating Reverend Hale's waning confidence in witchcraft that takes place throughout the play. Aligned to your State Standards and written to Bloom's Taxonomy, additional crossword, word search, comprehension quiz, and answer key are also included. About the Novel: The Crucible is the award-winning play written by Arthur Miller about the Salem witch trials of 1692. One night in Salem, Massachusetts, a group of girls are caught dancing in the woods by Reverend Parris. His own daughter falls into a coma soon after, and the town is ablaze with talks of witchcraft. The Reverend sends for Reverend Hale to examine the girl for witchcraft. Hale concludes that the town of Salem is in fact engulfed in witchcraft as one by one the girls accuse other townspeople of communing with the devil. A trial ensues, causing those accused to either deny these allegations
