Mihaela Beleaua posits that a curriculum that includes literature has a multitude of benefits for the mental and ethical development of students defending the relevance of the three ancient values of goodness beauty and truth Beleaua argues that literature is a significant tool for endorsing these transcendentals and actualizing their positive potentials as humanistic and moral values acting as a symbolic manifestation of moral values that will impact readers outside of the scope of the literature itself Scholars of literature philosophy and education will find this book particularly useful [Imagine Math 7](#)
