## **Victorious The Lost Fleet:**

**The Lost Fleet: Victorious** Jack Campbell, 2010-04-27 The Lost Fleet Relentless found its way onto the New York Times bestseller list. Now Victorious leads the charge again and Black Jack Geary is in command. As war continues to rage between the Alliance and Syndicate Worlds, Captain Black Jack Geary is promoted to admiral even though the ruling council fears he may stage a military coup. His new rank gives him the authority to negotiate with the Syndics who have suffered tremendous losses and may finally be willing to end the war. But an even greater alien threat lurks on the far side of the Syndic occupied space.

**Triumphant** Jack Campbell, 2020-04-28 A young fleet officer and a Marine must stand together to defend their neighbors and their colony in this return to the powerful and action packed Genesis Fleet saga from New York Times bestselling author Jack Campbell. The recently colonized world of Glenlyon has learned that they're stronger when they stand with other star systems than they are on their own. But after helping their neighbor Kosatka against an invasion, Glenlyon has become a target. The aggressive star systems plan to neutralize Glenlyon before striking again. An attack is launched against Glenlyon's orbital facility with forces too powerful for fleet officer Rob Geary to counter using their sole remaining destroyer. Saber Mele Darcy's Marines must repel repeated assaults while their hacker tries to get into the enemy systems to give Saber a fighting chance. To survive, Glenlyon needs more firepower and the only source for that is their neighbor Kosatka or other star systems that have so far remained neutral. But Kosatka is still battling the remnants of the invasion forces on its own world and if it sends its only remaining warship to help will be left undefended against another invasion. While Carmen Ochoa fights for the freedom of Kosatka, Lochan Nakamura must survive assassins as he tries to convince other worlds to join a seemingly hopeless struggle. As star systems founded by people seeking freedom and autonomy will Kosatka, Glenlyon and others be able to overcome deep suspicions of surrendering any authority to others? Will the free star systems stand together in a new Alliance or fall alone?

**Vanguard** Jack Campbell, 2018-03-27 Jack Campbell returns to the world of the New York Times bestselling Lost Fleet novels with an action packed military science fiction series that explores the founding of the Alliance and the men and women who fought to create it. Earth is no longer the center of the universe. After the invention of the faster than light jump drive, humanity is rapidly establishing new colonies. But the vast distances of space mean that the old order of protection and interstellar law offered by Earth has ceased to exist. When a nearby world attacks the new colony of Glenlyon, turns to Robert Geary, a young former junior fleet officer and Mele Darcy, a one-time enlisted Marine. With nothing but improvised weapons and a few volunteers, Geary and Darcy must face down warships and armored soldiers or die trying. As battles rage and pirates take an increasing toll throughout the colonies, the only hope for lasting peace lies with Carmen Ochoa, a Red from the anarchic world of Mars, and Lochan Nakamura, a failed politician. They have a plan to lay the groundwork for mutual defense that could someday grow into an alliance. But if their efforts don't succeed, the growing power of aggressor worlds could turn regions of space founded on freedom into battlefields between the first interstellar empires.

**Boundless** Jack Campbell,2021-06-15 Admiral John Black Jack Geary may have saved the Alliance only to destroy it in this thrilling and eagerly awaited continuation of the New York Times bestselling series Geary believed in the Alliance Even when he uncovered overwhelming evidence that the highest echelons of the government and fleet command were involved in secret programs and prison camps he believed it was worth saving And that his duty was to see that justice was served even though some factions feared that revealing the truth would cause the Alliance to crumble But after narrowly surviving two assassination attempts when he brings evidence of the misdeeds to the capital star system Geary realizes that some have decided the easiest way to make the Alliance's problems go away is to get rid of him He finds himself ordered to undertake a perilous new mission outside of the reaches of human occupied space while the Senate clashes over the evidence Geary's warships must escort a diplomatic and scientific mission across the dangerous disintegrating remnants of the Syndicate Worlds empire But even if he can make it to Midway Star System the gateway to alien controlled space Geary will face former Syndicate officials who have rebelled and regard the Alliance with deep suspicion And that will be the easy part **A**
