**Righteousness, Volume 2** Jeffrey J. Niehaus, 2023-10-19 The second volume of this three volume work exegetes and comments on every occurrence of the Hebrew terms for righteousness in the Old Testament It begins with a discussion of apperception and deductive method and concludes with an afterword on righteousness and ontology The ontological argument affirms that God s aseity is the foundation of righteousness in the Bible and thus of all true righteousness Righteousness is being true to God and God is always true to himself including in his self existence Other terms in the righteous word group such as righteous and justify are considered along with the important word pair righteousness and justice in semantic domain studies in the first three chapters Semantic domain studies show that terms like upright blameless and good are qualifiers of righteousness Whatever the flavor or nuance of the terms for righteousness may be in different OT contexts however study shows that the underlying sense of righteousness is conformity to God s Being and doing and the same is true of the righteousness of God **The Angry Child** Brett Novick, 2019-09-17 Anger and violence have reached seemingly epidemic proportions within the fabric of our youth From school violence social media to growing oppositional and

defiant behaviors within the home anger has surfaced more and more in the lifestyles of our youth What are the answers Should the focus be more on parental enrichment skills or on social and emotional curriculum in school Perhaps greater monitoring of social media among our youth These questions in themselves only point to what is a systemic and increasingly complex problem A multifaceted approach is indeed needed to address this issue before it becomes even more intractable and leads to even greater anger and rage in our next generation

*The Common Man's Guide for Working With Women* R. S. Houde, 2011-12-27 Traditional thinking is as the statistics

show that men and their behaviors seems to be the major issue that is causing this problem of sexual harassment and that women are for the majority of the cases the victims of sexual harassment So what are men to do to overcome this unfortunately accurate stereotype Simple men need a guide book a book that is written in a way they can understand This book needs to be formatted in an easy to read and understand way with simple and basic rules that can guide them through their issues they may be having with the women they work with This book also needs to be written by someone with real man clout not some woman professor at some university no one has ever heard of No the writer of this book needs to be experienced practical and above all manly in a macho sense I have written such a book **Check & Mate Ali**
