Evaluating Identities Online

Pilar Garcés-Conejos Blitvich, Patricia Bou-Franch, 2024-09-18 This book examines how identities are constructed in digital multimodal discourse and how these identities gender age race ethnicity professional etc are generally evaluated as they are claimed attributed verified and non verified intersubjectively in a polymedia space Although the construction of online identity has been addressed in the literature the online construction of identity in the Spanish speaking world has received less focused attention This volume contains chapters by renowned specialists in pragmatics and digital communication and is the most recent output of an ongoing externally funded project UPO 1380703 The book includes a state of the art introduction by the editors followed by three main sections the first is devoted to examining digital identities in conflict the second addresses self presentation on Twitter and Instagram with a special focus on politics and gender and finally the third addresses identity construction in the genre of online reviews All of the chapters address self and other identity construction in contexts of both convergence and controversy in a variety of digital social platforms and practices related to gender age political stance race ethnicity and lifestyle Further many of these chapters approach identity construction from a contrastive perspective and thus address variation This book will be of interest to scholars researchers graduate and advanced undergraduate students in sociolinguistics contrastive pragmatics discourse analysis media studies linguistic anthropology and communication studies among others

[Beyoncé](#) Martin Iddon, Melanie L. Marshall, 2020-11-17 Who runs the world The

Beyhive knows From the Destiny s Child 2001 hit single Survivor to her 2019 jam 7 11 Beyoncé Knowles Carter has confronted dominant issues around the world Because her image is linked with debates on race sexuality and female empowerment she has become a central figure in pop music and pop culture Beyoncé At Work On Screen and Online explores her work as a singer activist and artist by taking a deep dive into her songs videos and performances as well as responses from her fans Contributors look at Beyoncé s entire body of work to examine her status as a canonical figure in modern music and do not shy away from questioning scandals or weighing her social contributions against the evolution of feminism critical

race theory authenticity and more Full of examples from throughout Beyonc's career this volume presents listening as a political undertaking that generates meaning and creates community Beyonc At Work On Screen and Online contends that because of her willingness to address societal issues within her career Beyonc has become an important touchstone for an entire generation all in a day's work for Queen Bey

Micro-Electronics and Telecommunication Engineering

Devendra Kumar Sharma, Sheng-Lung Peng, Rohit Sharma, Gwanggil Jeon, 2023-06-01 The book presents high quality papers from the Sixth International Conference on Microelectronics and Telecommunication Engineering ICMETE 2022. It discusses the latest technological trends and advances in major research areas such as microelectronics, wireless communications, optical communication, signal processing, image processing, big data, cloud computing, artificial intelligence, and sensor network applications. This book includes the contributions of national and international scientists, researchers, and engineers from both academia and the industry. The contents of this book are useful to researchers, professionals, and students alike.

Brigham Young University Law Review, 2007 The New York Times Magazine, 2008 *U.S. Latino Issues* Rodolfo F. Acuña, 2017-01-26 A revision of the popular previous edition published more than a decade earlier this work examines today's U.S. Latino population now arguably the most important minority group in the country with numbers well over 50 million strong in an increasingly diverse and integrated America. Latinos are the largest minority in the United States and as such Latino Americans have a tremendous influence on the culture, workforce, economy, and politics of this country. This second edition of U.S. Latino Issues provides updated content, stats, and data for each topic and it frames critical questions and multiple viewpoints on Latinos in the United States that will be useful to student researchers. The responses to the critical questions come from Latino experts and scholars and other well-known subject experts providing readers with insights from various informed points of view all in a single volume. The book covers hundreds of topics regarding Latino Americans such as gender, sexuality, indigenous culture, race, and cultural identity, health and wellness, education, and interracial dating and marriage and it offers in-depth comparisons of the Latino groups and shows how events in their native countries affect them. Readers will have access to concise and up-to-date information on controversial topics such as affirmative action, immigration reform, open borders policy versus border enforcement, changing relations between the United States and Cuba and Puerto Rico's contested status as a commonwealth versus a state.
