Technology for Healthcare and Healthy Lifestyle , **International Search Engine Marketing with YouTube Videos** Frank Wilkens, 2014-05-15 Research Paper undergraduate from the year 2012 in the subject Communications Public Relations Advertising Marketing Social Media grade 1 0 University of Applied Sciences Bremerhaven language English abstract Hardly any online advertising effort becomes as important for entrepreneurship accomplishments as Search Engine Marketing That s surprising marginally because Search Engines are the single point of contact for customer investigation and information On that score SEM is one of the most important tools to generate specifically leads By the side of all online marketing measures for example keyword advertising SEO or SEA the international SEM with YouTube videos is first and

foremost the fastest growing and by far promising opportunity to establish qualified leads In addition country specific advertising messages are completed with corresponding keywords and well placed with YouTube videos in local Search Engines to achieve qualified groups of customers who are in search of new products or services Marketing specialists analyze and advance the achieved results simultaneously and adjust their marketing strategies immediately As a consequence there is a better cost planning target groups are scaled more precisely and the cost benefit ratio is a sight better for both B2B and B2C The obvious questions are what business motivations give evidence of a fruitful cooperation at the hands of international SEM and YouTube videos Which contents and keywords convert YouTube videos into a guarantee for success and which are critically for a profitable SEM And after all which customer is searching where for what and why These and further questions will be examined and clarified over the course of the next following sites **Anthem of Misogyny** Ibtissam

Bouachrine,2022-10-03 Anthem of Misogyny The War on Women in North Africa and the Middle East argues that misogyny which operates through an interconnected network of ideologies institutions beliefs aesthetics and cultural trends is too complex and too deep rooted to eradicate with superficial changes Like a national anthem misogyny in North Africa and the Middle East has acquired a sacred status It is accepted uncritically and woven effortlessly into daily practices creating a community of men of different ages educational levels and socioeconomic backgrounds who are united in their sense of entitlement to evaluate scrutinize deter question and expose women For women it is as if they are in a state of perpetual war forever on the verge of being accused of deviating from the norms and being punished These norms however are neither clear nor predictable This study of misogyny is written against a dominant orthodoxy in Western feminism Critics are accused of gendered orientalism savior complexes and even Islamophobia if they dare to bring up misogyny and gender based violence in North Africa and the Middle East in contexts other than calling it a Western created issue Rather than exaggerate Western agency this book is invested in making Muslim agency visible There are narratives of violence and injustice that produce discomfort anger and even despair These stories deserve to be told and those behind the injustices are entitled to an unfiltered portrayal because the non West too is deserving of unapologetic feminist critique **Mobile for**
