The SAT can be stressful and overwhelming, but this SAT Math guide will break the test down into more manageable packets of information so that students can narrow their focus to just one question type at a time. Smaller goals are easier to achieve. As students complete each packet, they'll boost their confidence and their scores. This guide includes over 350 practice math questions. There are also detailed lessons to help students learn The Basics that they need for each topic, as well as The Twists that the SAT will use to make the questions seem much more difficult than they actually are. Start with the lessons for

the SAT specific strategies so that you can learn more efficient ways to answer the questions in the packets and on the real SAT
