**The Hidden Psychology of Social Networks: How Brands Create Authentic Engagement by Understanding What Motivates Us** Joe Federer,2020-09-15 From the former Head of Brand Strategy at Reddit comes a proven and thought

provoking approach to the digital economy and how brands can create authentic engagement that is rooted in the fundamental motivations behind human psychology. Leading marketing practitioner and thought leader Joe Federer draws on evolutionary biology, anthropology, neuroanatomy, and psychology as well as more than a decade of hands-on experience to explain why people act so differently in various online spaces and what they are seeking from participating in each one. With a framework based on Freud's Id, Ego, and Superego model of the human psyche, he demonstrates how the internet is a digital reflection of the collective human psyche and how different social networks correspond to different mindsets: platforms like Reddit to the unfiltered Id, Facebook and Twitter to the managed Ego, and Instagram to the ideal Superego. In the same way, you behave differently when you're home alone, out with friends, communicating with family, or interacting with coworkers: people act and express themselves differently in these various online spaces. Context matters. Understanding this will enable you to develop and execute effective engagement strategies to reach your target audiences on each social network. Learn how to create content that drives sharing and word of mouth; how brands can fit natively into different types of social channels; how to balance branded social presences across different networks; why authenticity will only grow in importance to consumers. Fascinating and deeply compelling, *The Hidden Psychology of Social Networks* will equip you to make vastly more efficient use of your media buys, establish more thoughtful strategies, develop better creative, and in the end, deliver more effective marketing that provides value.

Unfortunately, that's a lesson learned the hard way. TalkOfShame. Katie's hard work got her into the prestigious university. Her aunt is paying her tuition on one condition: Katie must join a sorority. Kappa Kappa Theta (KKT). There's just one problem: Katie was kicked out of the cool clique in high school. Especially if it's with the gorgeous editor of Somerville University's student newspaper, Jill, who chose Somerville for one reason: Alpha Chi Alpha (AXA). It's the most stunning sorority house on campus, and only the prettiest girls become sisters. Jill has always been a southern belle whose confidence and humor have won her lots of friends and quite a few hookups. She has yet to have a steady boyfriend, but that'll happen automatically once becoming a Chi Alpha. Right? And then there's Beatrice. The perfect frenemy, something that comes easy to the young coed. A member of Chicago's wealthy elite, Beatrice wears only the best labels, drives only the hottest cars. But her status comes at a price: lasting friendship. Beatrice manipulates others in order to protect herself, and her childhood friendship with Katie was the first one to suffer. Will Somerville give her the chance to reconcile and find her true self?
